सावित्रीबाई फुले पुणे विद्यापीठ,

सर्व संलग्नीत महाविद्यालये व मान्यताप्राप्त संस्था.

विषय : संशोधन योजनेचा प्रथम हप्ता (५० टक्के) अदा करणेबाबत.....

(सन २०१६ - १८ या वर्षासाठी)

महोदय / महोदया,

मा. संचालक, महाविद्यालय व विद्यापीठ विकास मंडळ, सावित्रीबाई फुले पुणे विद्यापीठ यांचेमार्फत आपल्या महाविद्यालयाच्या प्राध्यापकांना संशोधन योजनेचे प्रस्ताव (सन २०१६ - १८ या वर्षासाठी) मंजूर करण्यात आलेले आहेत. आपल्या महाविद्यालयातील प्राध्यापकांच्या संशोधन योजनेचे (मंजूर रकमेच्या ५० टक्के) अनुदान धनादेश क्रमांक ३३५६९५ दिनांक ३१.०३.२०१७ रकम रुपये २,०५,५००/- नुसार यासोबत अदा करण्यात येत आहे. सदर संशोधन योजनेवरील सर्व खर्च मार्गदर्शक तत्वांनुसार आपल्या महाविद्यालयाच्या बँक खात्यामार्फत करावयाचा आहे. भारत सरकारच्या नियमांनुसार संशोधन योजनेवरील अधिकाधिक खर्च आर. टी. जी. एस./ एन. ई. एफ. टी./ धनादेशाद्वारे करावयाचा आहे. संशोधन योजनेसाठी प्राप्त झालेले अनुदान प्राध्यापकांच्या वैयक्तिक बँक खात्यावर वर्ग करण्यात येऊ नये. मार्गदर्शक तत्वे लिंक पुढीलप्रमाणे : http://www.unipune.ac.in/administration_files/pdf/Research_Grant_Guidelines_4-12-13.pdf

विद्यापीठात जमा केलेल्या अर्थसंकल्पानुसार पहिल्या वर्षाचा संशोधनाचा खर्च (सन २०१७ - १८ या आर्थिक वर्षात) ३० सप्टेंबर, २०१७ पूर्वी करण्यात यावा व सनदी लेखापाल यांच्या सहोचे खर्चाचे विवरणपत्र व विनियोग प्रमाणपत्र विशेष कार्यधिकारी, महाविद्यालय व विद्यापीठ विकास मंडळ यांचेकडे पाठविण्यात यावे. सदर हिशोब प्राप्त झाल्यानंतरच सन २०१७ - १८ या आर्थिक वर्षासाठी उर्वरीत रकमेच्या ७० टक्के अनुदान अदा करण्यात येईल.

विद्यापीठ अधिकार मंडळाने घेतलेल्या निर्णयानुसार संशोधन अनुदानाच्या अर्वाचित रकमेवर संबंधित आर्थिक वर्षामध्ये १० टक्के व्याज आकारणी केली जाईल. तसेच विद्यापीठास व्याजाराहीत रकम प्राप्त होईपर्यंत महाविद्यालयास कोणत्याही प्रकारचे अनुदान देय होणार नाही, याची कृपया नोंद घ्यावी.

विषय : संशोधन योजनेचा द्वितीय हप्ता (उर्वरीत रकमेच्या ७० टक्के) अदा करणेबाबत....
(सन २०१६ - १८ या वर्षासाठी)

महोदय / महोदया,

सावित्रीबाई फुले पुणे विद्यापीठ यांचेमार्फत आपल्या महाविद्यालयातील प्राध्यापकांच्या संशोधन योजनेचा द्वितीय हप्ता (उर्वरीत रकमेच्या ७० टक्के) अनुदान धनादेश क्रमांक 380631.... दिनांक ३०.०६.२०१८ रक्कम रुपये 64,835/- नुसार यासोबत अदा करण्यात येत आहे. सदर संशोधन योजनेवरील सर्व खर्च मार्गदर्शक तत्वांनुसार आपल्या महाविद्यालयाच्या बँक खात्यामार्फत करावयाचा आहे. संशोधन योजनेसाठी प्राप्त झालेले अनुदान प्राध्यापकांच्या वैयक्तिक बँक खात्यावर वर्ग करण्यात येऊ नये.

विद्यापीठामध्ये जमा केलेल्या अर्थसंकल्पानुसार दुसऱ्या वर्षाचा संशोधनाचा खर्च करण्यात यावा व सनदी लेखापाल यांच्या सहीचे खर्चाचे विवरणपत्र व विनियोग प्रमाणपत्र विद्यापीठ संशोधन कक्ष यांचेकडे पाठविण्यात यावे. सदर हिशोब प्राप्त झाल्यानंतरच तिसरा हप्ताचे (उर्वरीत रकमेच्या ३० टक्के) अनुदान अदा करण्यात येईल. विद्यापीठ अधिकार मंडळाने घेतलेल्या निर्णयानुसार संशोधन अनुदानाच्या अर्बाचित रकमेवर संबंधित आर्थिक वर्षामध्ये १० टक्के व्याज आकारणी केली जाईल. तसेच विद्यापीठास व्याजासहीत रक्कम प्राप्त होईपर्यंत महाविद्यालयास कोणत्याही प्रकारचे अनुदान देय होणार नाही, याची कृपया नोंद घ्यावी.

तसेच वित्त व लेखा विभागाचे परिपत्रक जा. क्र. वित्त/२०१७-१८/१७०८ दि.३०.१२.२०१७ व परिपत्रक जा. क्र. वित्त/२०१८-१९/२४८ दि.१८.०५.२०१८ (विद्यापीठ संकेतस्थळावर वित्त व लेखा विभागाच्या परिपत्रकांमध्ये उपलब्ध आहेत) नुसार महाविद्यालयांची बँक खातेविषयक माहिती विद्यापीठाच्या संकेतस्थळावर अद्ययावत करण्यात यावी. यापुढे ज्या महाविद्यालयांनी बँक खातेविषयक माहिती विद्यापीठाच्या संकेतस्थळावर अद्ययावत केलेली आहे, त्याच महाविद्यालयांच्या बँक खात्यावर विद्यापीठामार्फत अदा करण्यात येणाऱ्या विविध अनुदानांची रक्कम वर्ग करण्यात येणार आहे, याची कृपया नोंद घ्यावी.

Dear Laxmikant Shinde Sir,

Thank you for inviting SIEC to do seminar on Study International Education Career in your College of Engineering, Manjari (Bk). We are eager to know the date for the seminar when there will be maximum availability of engineering students mostly of final year of engineering of all streams. Kindly send me your confirmation over email or phone. I look forward to hearing from you and if you require any more information from us please do not hesitate to contact us.

Thank You for your kind consideration.

We are happy to quench the thirst of international education

Thanks & Regards,

Sagar Sonawane/ Marketing Manager

Conduct By: Mr. Laxmikan J. Shinde

Start From: 22nd & 23rd March 2018

Duration: 2 days

Time: 11.00 a.m. to 1.30 p.m.

Topics covered:

1. Preparation of Resume
2. Interview Question preparation
3. Questions for PI, HR and Technical Round
4. Group Discussion – Do and Don't
5. Aptitude Test Preparation
6. Registration on Job Portals
7. Registration on Government Job Sites

This Seminar series help students to face interviews more prepared and confident.

Subject: - Letter of Thanks

Respected Sir,

We are very much thankful to you for accepting our invitation for delivering lecture in one day workshop for our students and guide them about different technological about Microprocessor. This workshop helps in understanding fundamental issue & challenges in Microprocessor. Students will able to design & implement various algorithms in microprocessor.

We hope that you will find the experience personally rewarding for agreeing to attend in this wonderful opportunity to recognize talented, hardworking young people.

Your presence is worth for us.

Thanking You,

Notice for Seminar

Date: - 18/04/2018

All students of B.E. (Computer and IT) are hereby informed that Free seminar series in JAVA interview preparation under ISTE Student chapter start from 24th April 2018. Find the below details.

Conduct By: Mr. Pradip Batule (IT Professional)

Start From: 24th April 2018.

Duration: 7 days

Time: 9 AM-11 AM

Topics covered:

1. OOPS concepts
2. Access specifiers
3. Method overriding, Method Overloading
4. FINAL, STATIC, VOLATILE, TRANSIENT keywords
5. Exception handling
6. Serialization
7. Immutable class
8. String
9. Wrapper classes
10. Collection framework
11. Equals and hash code contract
12. Multi-threading basics

This Seminar series help students to face interviews more prepared and confident.

Guest Lecture Report

The Department of Computer Engineering of PDEA College of Engineering Manjari organized a guest lecture on "Career Guidance by Employee Factory" on 1st of March 2018 from 10:15 am to 12: 30 pm at IT Seminar Hall. The speaker of the session was Mr. Ashish Sharma who is founder of The Employee Factory firm and having a great experience on cooperate world. He explained us about the various job opportunities in IT industry. He explained to the students about what are the basic skills they required in CV for grabbing opportunities in IT Company. Also the resource person focuses on latest IT industry trends including block chain. He introduces what is block chain technologies and its importance. Also he highlights the job opportunities in block chain technologies.

During the talk Mr Ashish Sharma asks many questions to the students regarding awareness and making interest among them. Ashish Sharma was a very interactive person with his communication skills. The students got free and healthy atmosphere during the session. Some of the students are very keen to asking lots of questions on job opportunities. The spoke person gives all the answers to each student.

His main aim was to let us know what kind of job opportunities came across during students job searching and how to decide and tackle the same.

Around 50 students attended this lectures from both second year computer and IT department. He also took an initiative to arrange many more session from his side to the students on the same.

Topic Name: Career Guidance by Employee Factory

Speaker Name: Mr. Ashish Sharma (Founder, The Employee Factory)

Date: 01/03/2018

Venue: IT Seminar Hall

Organized By: Prof. Rathod R. B.

Criteria 3

3.2.1

Criteria 3

3.2.1

The event is organized for students in order to get knowledge of job opportunities in IT industries with different profile. The expert was having long experience in IT domain and running the Employee factory firm for job seekers. The students got benefitted with his talk and also speaker got convenience by students follow approach towards his talk. Overall the event was successful and refreshing for students.

To,
Ashish Sharma
The Employee Factory,
Yerwada,
Pune.

We are very much thankful to you for accepting our invitation for delivering one day Seminar on "Career Guidance by Employee Factory" on March 01, 2018. We hope that you will find the experience personally rewarding for agreeing to attend in this wonderful opportunity to recognize talented, hardworking young people.

Your Direction is worth for us in respective area.

Details of the Seminar:-

Date: 1st Mar 2018

Venue: College of Engineering Manjari,

Pune- 412307

Thanking You,

Date: 01/03/2018

विषय : महाविद्यालयास गुणवत्ता सुधार योजने अंतर्गत राज्यस्तरीय कार्यशाळा

“Machine Learning for Data Science” संदर्भातील बीले जमा करणेबाबत...

मा. महोदय,

उपरोक्त विषयास अनुसरून आपणास विनंतीपूर्वक कळविण्यात येते की, महाविद्यालयास गुणवत्ता सुधार योजने अंतर्गत दिनांक ६/२/२०१८ ते ७/२/२०१८ रोजी सा. फुले पुणे विद्यापीठा अंतर्गत महाविद्यालय गुणवत्ता सुधार योजने अंतर्गत राज्य स्तरावरील “Machine Learning for Data Science” या कार्यशाळेचे आयोजन करण्यात आलेले होते. या कार्यशाळेचा झालेला एकूण खर्च स्वकम रुपये ७३३४२/- (अक्षरी स्वकम त्रैहत्तर हजार तीनशे बेचाळीस फक्त) इतका खर्च झालेला असून अर्थसहाय्य स्वकम रुपये ७५०००/- (अक्षरी स्वकम पंच्याहत्तर हजार फक्त) मंजूर झालेले आहे. त्यासंदर्भात झालेल्या सदर खर्चाची बीले आपण दिलेल्या विहित नमुन्यात सोबत पाठवित आहोत.

स्विकार व्हावा हि विनंती.

कळावे,

आपला विश्वासू

Faculty Development Program: Machine Learning for Data science

Dear Sir,

We are pleased to invite you to the "Faculty Development Program: Data science and Machine Learning," scheduled from 6-7 Feb 2018 at PDEA's College of Engineering, Manjari. This FDP will be a joint effort of the Savitribai Phule Pune University and the Information Technology Department of PDEA's College of Engineering, Manjari (Bk), Pune.

The FDP is organized on the following themes:

Understanding the basics of Data Science and Machine Learning

Case studies

Use of different Data Visualization Tools

It is an honor and privilege to invite you as "Guest of honor" for the inauguration ceremony of the FDP. We believe that your contribution to the field of Engineering education is unparalleled and your gracious presence for this program will inspire and motivate the participants.

Inauguration ceremony details:

Day/Date/Time: Tuesday, 6th Feb 2018, 10.00am

Venue: I.T. Seminar Hall

PDEA's College of Engineering Manjari Pune

We look forward to a positive confirmation, an honor for us indeed.

Yours sincerely,

Dr. R. V. Patil

Permission letter

Respected Madam,

We want your permission for organizing a Guest Lecture on "Cloud Computing" on 29th of July 2017 under ITSA. As we know that Cloud Computing is a current industrial topic which is trending in different companies.

So information regarding to this topic is very beneficial for our students specially for BE students as they have Cloud Computing subject in their syllabus.

Your Sincerely,

Prof. S. Saraswat
ITSA Co-ordinator

Permitted for Lecture organization.

MEMORANDUM OF UNDERSTANDING (MOU)

This Agreement is executed at Mumbai on 16th of June, 2017 between

Funfirst Global Skillers Private Limited, (hereafter referred as FGSP) a Company incorporated under the Companies, Act 1956 and having the Corporate office at A-303-304, Kailas Industrial Complex, Park Site, Vikhroli West, Mumbai-400079 hereinafter referred to as the "Company" of the first part (which expression shall, unless repugnant to the context or meaning thereof, deemed to mean and include its successors and assigns).

AND

P.D.E.A.'S College of Engineering Manjari (BK.), Pune Near V.S.I. Manjari (BK.) Pune - 412 307, India, (which term shall mean and include its successors and assigns) of the Second Part.

Whereas, FGSP is a training partner of Electronic Skill Sector Council of India under National Skill Development Corporation, Govt. of India, currently providing trainings of Set-top Box Installation and Service, Television Repair Technician with focus on Flat Panel Display (FPD) TV and Home Appliance Installation & Repairing training The bouquet of training courses being offered will increase from time to time. The company is currently working on a project with Whirlpool of India Ltd.

Whereas, The P.D.E.A.'S College of Engineering Manjari (BK.), Pune is helping economics back ward class youth for providing trainings and placement in various organisation.

A. OBJECTIVE OF THE PROGRAM

M/s. Funfirst Global Skillers Private Limited has submitted to the P.D.E.A.'S College of Engineering Manjari (BK.), Pune a project proposal for support on Mobilization and Infrastructure required for youth for various projects as mentioned above.

B. PERIOD OF MOU

This MOU is valid for **Twelve months** from the date of signing.

The MOU can be further extended as decided mutually by Company and "P.D.E.A.'S College of Engineering Manjari (BK.), Pune", on mutually agreed terms and conditions in such a case a new agreement shall be entered into specifying the extended period and other clauses.

C. SCOPE OF THE PROGRAM:

The proposed intervention will focus on the following deliverables from FGSP:

1. Psychometric test of Candidates for selection

[Signature]
Principal

Pune District Education Association's
College of Engineering Manjari (BK.),
Pune - 412307.

Criteria 3

3.2.3

2. Providing pre-employment guidance
3. Provision of Content (in the form of Books) and technical training equipment
4. Providing expert trainers
5. Third-party assessment & implementation support to P.D.E.A.'S College of Engineering Manjari (BK.), Pune
6. Certification at the end of training to the successful candidates
7. Ensuring placements with suitable employers on successful completion of training

D. ROLE OF COLLEGE

AND whereas, P.D.E.A.'S College of Engineering Manjari (BK.), Pune having considered the proposal has agreed to,

- i) Facilitate FG SPL with Identification of suitable candidates.
- ii) Collecting documents and data from candidates.
- iii) Conducting psychometric test of student at the start.
- iv) Continuous monitoring over candidates.
- v) Publicity in the society and various educational campus near by.
- vi) Provide infrastructure & support as desired by FG SPL.

E. MOBILIZATION TIME LINE

FG SPL and P.D.E.A.'S College of Engineering Manjari (BK.), Pune will mutually decide on a date to start training at a particular location. The batch size needed by FG SPL is 30 students who have cleared the psychometric assessment.

F. COMMERCIAL AND GENERAL TERMS:

FG SPL will pay Rs.500/-per student which includes,

- 1) Administrative charges will be Rs: 225/- per student. (Hierarchy of administrative charges will be Center Head, Program Head, Program Coordinator).
 - 2) Infrastructure utilization charges will be Rs: 275/-per student.
- as compensation for mobilization of students and for infrastructure according to MOU after the successful completion of assessment and Certification of eligible students and further terms as explained in Schedule "I"

G. TERMINATION:

Either party can terminate this agreement by giving a one month notice; however, FG SPL will ensure that all planned trainings are completed before termination.

H. AMENDMENTS

This Agreement shall not be changed, amended, terminated or superseded orally, but only by an agreement in writing, or any of the provision hereof be waived orally, but only by an instrument in writing, in any such case signed by the party against whom enforcement of any changes amendment, termination, waiver, modification, extension or discharge is sought.

Principal
Pune District Education Association's
College of Engineering Manjari (Bk.),
Pune - 412307.

Criteria 3

3.2.3

I. FORCE MAJEURE

Neither party to this agreement will be liable for breach of this agreement to the extent caused by or arising from prohibition or restriction by law or regulation of any Government, fire, flood, storms, weather, strike, lock-out or other labour problems, accident, riots, acts of God or other events beyond that party in breach.

For purposes of this Clause, "Force Majeure" means an event beyond the control of the Company and not involving the Company and not involving the Company's fault or negligence and not foreseeable. Such events may include, but are not restricted to, acts of the P.D.E.A.'S College of Engineering Manjari (BK.), Pune either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

If a Force Majeure situation arises, the Company shall promptly notify the P.D.E.A.'S College of Engineering Manjari (BK.), Pune in writing of such conditions and the cause thereof. Unless otherwise directed by the P.D.E.A.'S College of Engineering Manjari (BK.), Pune in writing, the Company shall continue to perform its obligations under the agreement as far as reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event. Even the P.D.E.A.'S College of Engineering Manjari (BK.), Pune may terminate this agreement, by giving a written notice of minimum 30 days to the Company, if as a result of Force Majeure, the Company being unable to perform a material portion of the services for a period of more than 30 days.

J. NOTICE

All notices and other communications pursuant to this Agreement shall be in writing, in English and signed by the authorized representative of the sender and shall be given by personal delivery, by registered mail, by an overnight courier service which obtains a receipt to evidence delivery, or by facsimile transmission (provided that the receiving party sent a confirmation that he has indeed received the fax), to the Parties at the addresses set forth below or to such other address as the party to whom notice is to be given may have furnished to the other party hereto in writing in accordance herewith.

K. ARBITRATION

It is specifically agreed by both the parties that in case of any dispute arising out of his agreement; both the parties will try best to resolve the same within 30 days on one party notifying the other. Any disputes or controversy between the parties, which cannot be resolved amicably within 30 days of being communications in writing, shall be settled by Mumbai Court. The decision of the Court and the award made in pursuance thereof shall be final and binding on the parties.

युवा सप्ताह अहवाल .

पुणे जिल्हा शिक्षण मंडळाचे अभियांत्रिकी महाविद्यालय मांजरी(बु) आणि सावित्रीबाई फुले पुणे विद्यापीठ पुणे यांच्या संयुक्त विद्यमाने राष्ट्रीय सेवा योजना यांच्या अंतर्गत महाविद्यालयांमध्ये १३ जानेवारी ते १९ जानेवारी २०१८ या कालावधीमध्ये युवा सप्ताह साजरा करण्यात आला .

या सप्ताहामध्ये विविध कार्यक्रम आयोजित करण्यात आले होते त्यामध्ये स्वच्छ व स्वस्थ भारत अभियाना करीत आजचा युवक प्लॅस्टीक कचरा निर्मुलन वित्तीय साक्षरता अभियान, मतदान जनजागृती इत्यादी विविध उपक्रम घेण्यात आले . या कार्यक्रमाची सुरुवात महाविद्यालयाचे प्राचार्य डॉ. आर. व्ही. पाटील यांनी स्वामी विवेकानंद व जिजाऊ माता यांच्या प्रतिमेस पुष्पहार अर्पण करून व दिपप्रज्वलन करून करण्यात आली .

तसेच या कार्यक्रमांमध्ये राष्ट्रीय सेवा योजनेचे कार्यक्रम अधिकारी प्रा. के. बी. डुंबरे यांनी राष्ट्रीय सेवा योजनेचा युवा सप्ताहाचा अहवाल सादर केला . स्वामी विवेकानंदाचे विचार व आजचा युवक या विषयावर प्रा. आर. के. मोजे यांनी रा. से. यो. च्या स्वयंसेवकांना मार्गदर्शन केले . तसेच महाविद्यालयातील युवकांनी मांजरी गावामध्ये रॅली काढण्यात आली या रॅलीमध्ये गावातील सांडपाणी व्यवस्थापन, घर व घराजवळील स्वच्छता आणि निरोगी आरोग्य यांचे महत्त्व विद्यार्थ्यांनी गावातील ग्रामस्थांना पटवुन दिले . तसेच वित्तीय साक्षरता अभियाना अंतर्गत ग्रामस्थांना कॅशलेस व्यवहारासंदर्भाचे महत्त्व पटवुन दिले व मतदान जनजागृती बाबत गावातील ग्रामस्थांना मतदान करण्याचे महत्त्व पटवुन दिले .

राष्ट्रीय सेवा योजनेच्या स्वयंसेवकातर्फे रा. से. यो. चे राचिव अनिकेत गाडे यांनी महाविद्यालय व परिसर स्वच्छ राखण्याची ग्वाही दिली .

महाविद्यालयाचे प्राचार्य डॉ. आर. व्ही. पाटील यांनी महाविद्यालयातील सर्व शिक्षक व शिक्षकेतर वृंद व विद्यार्थ्यांना प्राथमिक व सार्वजनिक स्वच्छता राखण्याचे आवाहन केले .

त्यानंतर राष्ट्रीय सेवा योजनेतील विद्यार्थ्यांनी राष्ट्रीय एकतातेचा संदेश देणारे युवा शक्ती या विषयावर पथनाटय सादर केले आणि वंदे मातरम् या गीताने कार्यक्रमाची सांगता झाली . तरी सदर अहवाल आपल्या माहितीस्तव सादर करित आहोत त्याचा स्विकार व्हावा ही विनंती .

Memorandum of Understanding

This Memorandum of Understanding (MoU) is signed on the 7th August 2017 day of Monday, year BY AND BETWEEN:

JSPM's Jayawantrao Sawant Institute of Management & Research,
Hundewadi Road, Hadapsar, Pune -28
(A premier MBA institute imparting quality management education (MBA) to all students from various strata of the society)

AND

PDEA's College of Engineering, Manjari (Bk), Pune
(A premier Engineering institute imparting quality education to UG (BE) & PG (MBA) students)

This Memorandum of Understanding is proposed in order to work on areas of mutual benefits specifically to Faculty Members & focus on the Students of both the Institutes. The MoU aims at skills development by conducting various Entrepreneurship Promotion programmes & events for the students and faculty members of JSPM's Jayawantrao Sawant Institute of Management & Research.

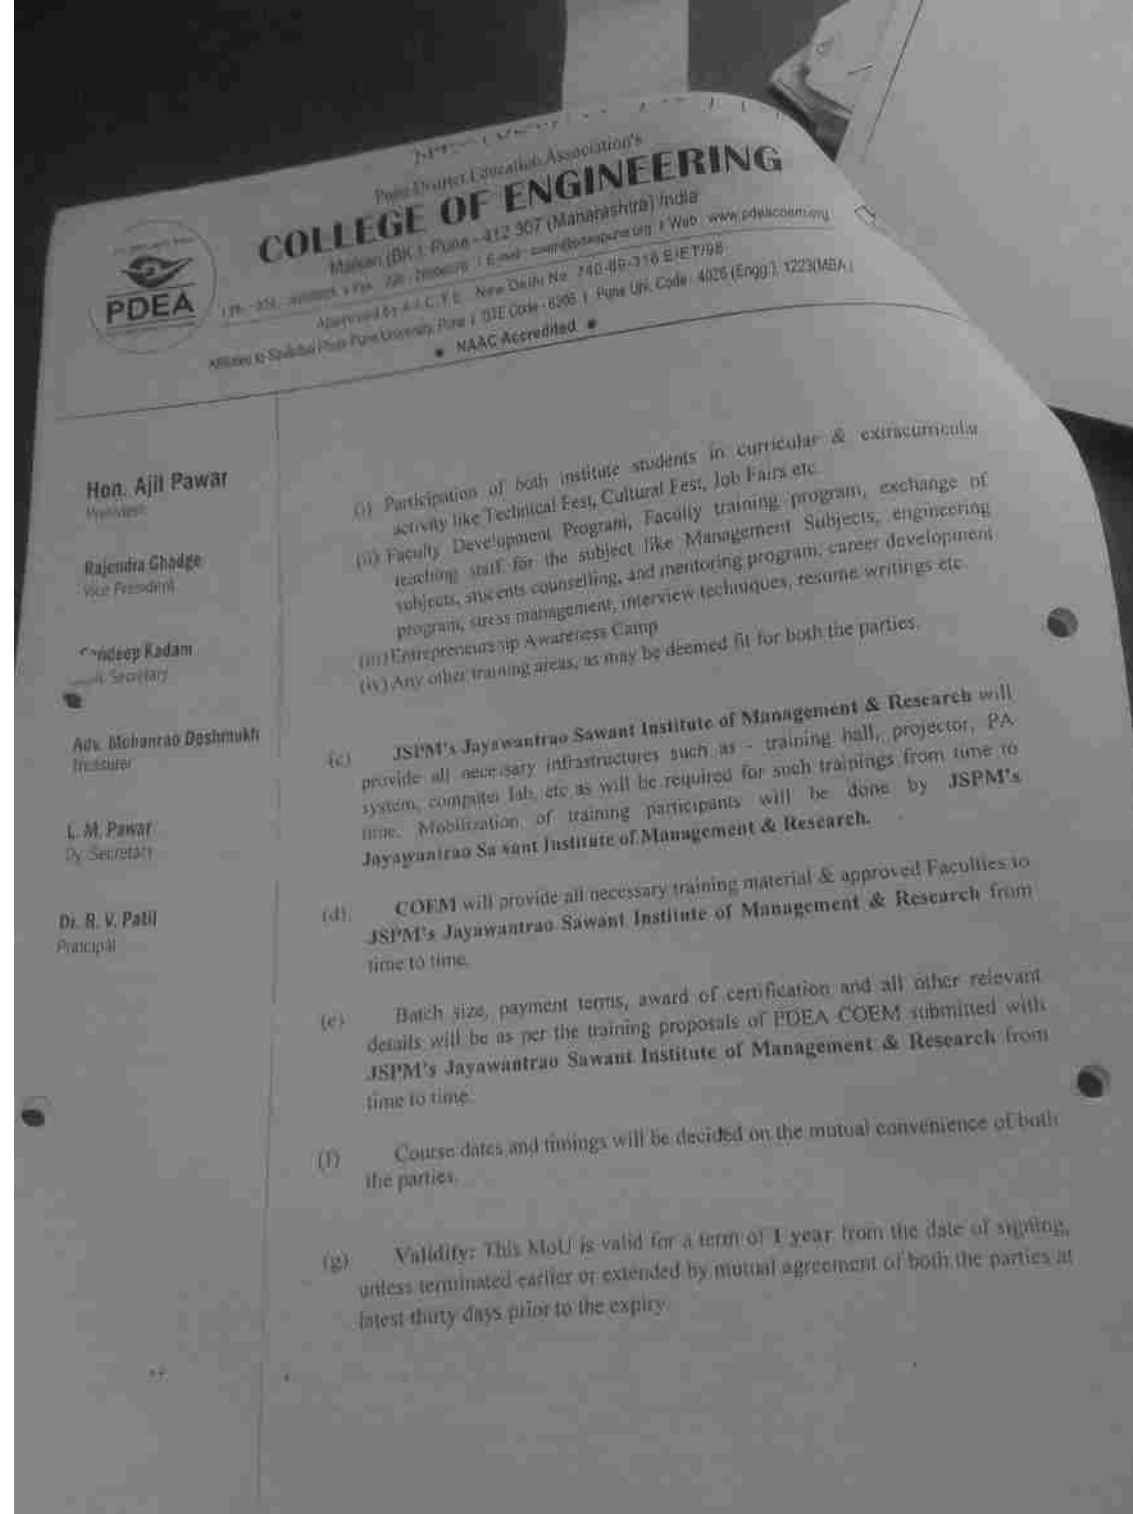

Through this Memorandum of Understanding, the two parties agree to the following:

(a) A steering committee will be set up to monitor the activities of the MoU. The committee will consist of Dr. R.V. Patil (Principal-PDEA's COE, Manjari Bk, Pune 07) and Dr. Anita Khatke (Director -JSPM's JSIMR, Hadapsar) with mutual consent, the steering committee can be expanded to include more members from the two institutions. The steering committee will be the supreme body as far as the implementation of the activities of the MoU, the continuation of the MoU, and termination of the MoU are concerned.

(b) JSPM's Jayawantrao Sawant Institute of Management & Research and COEM will jointly conduct short-term training workshops, lecture series & events in following areas:

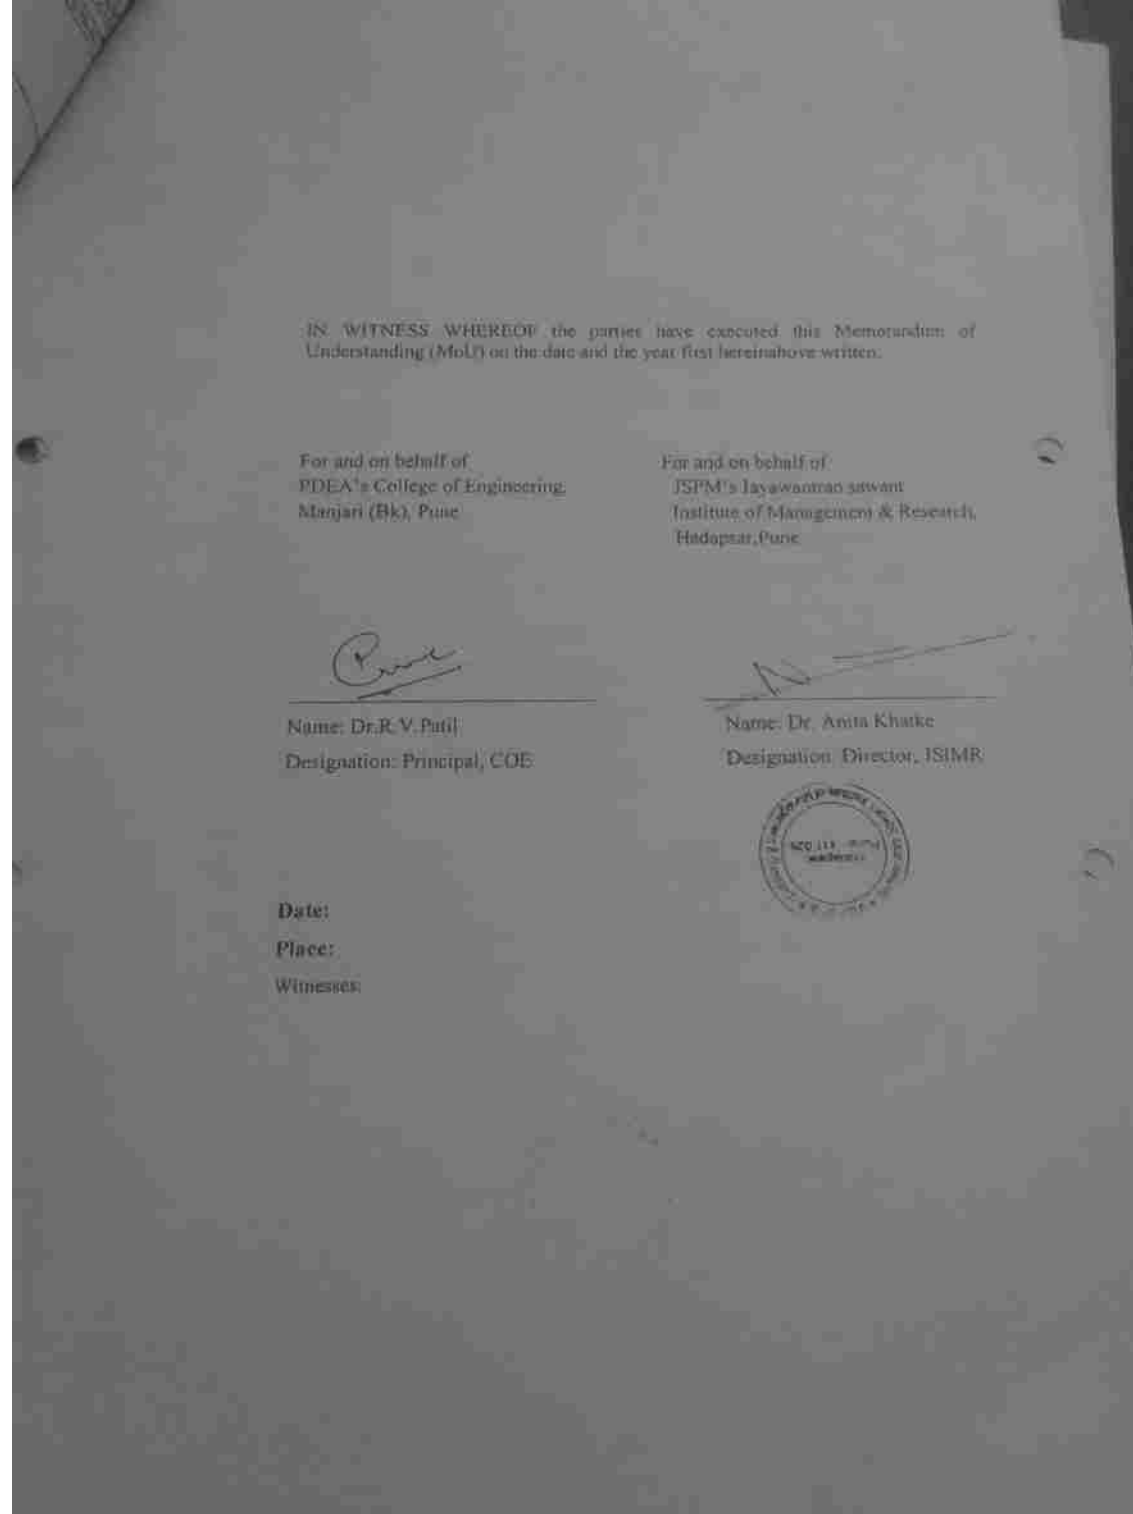

Criteria 3

3.5.3

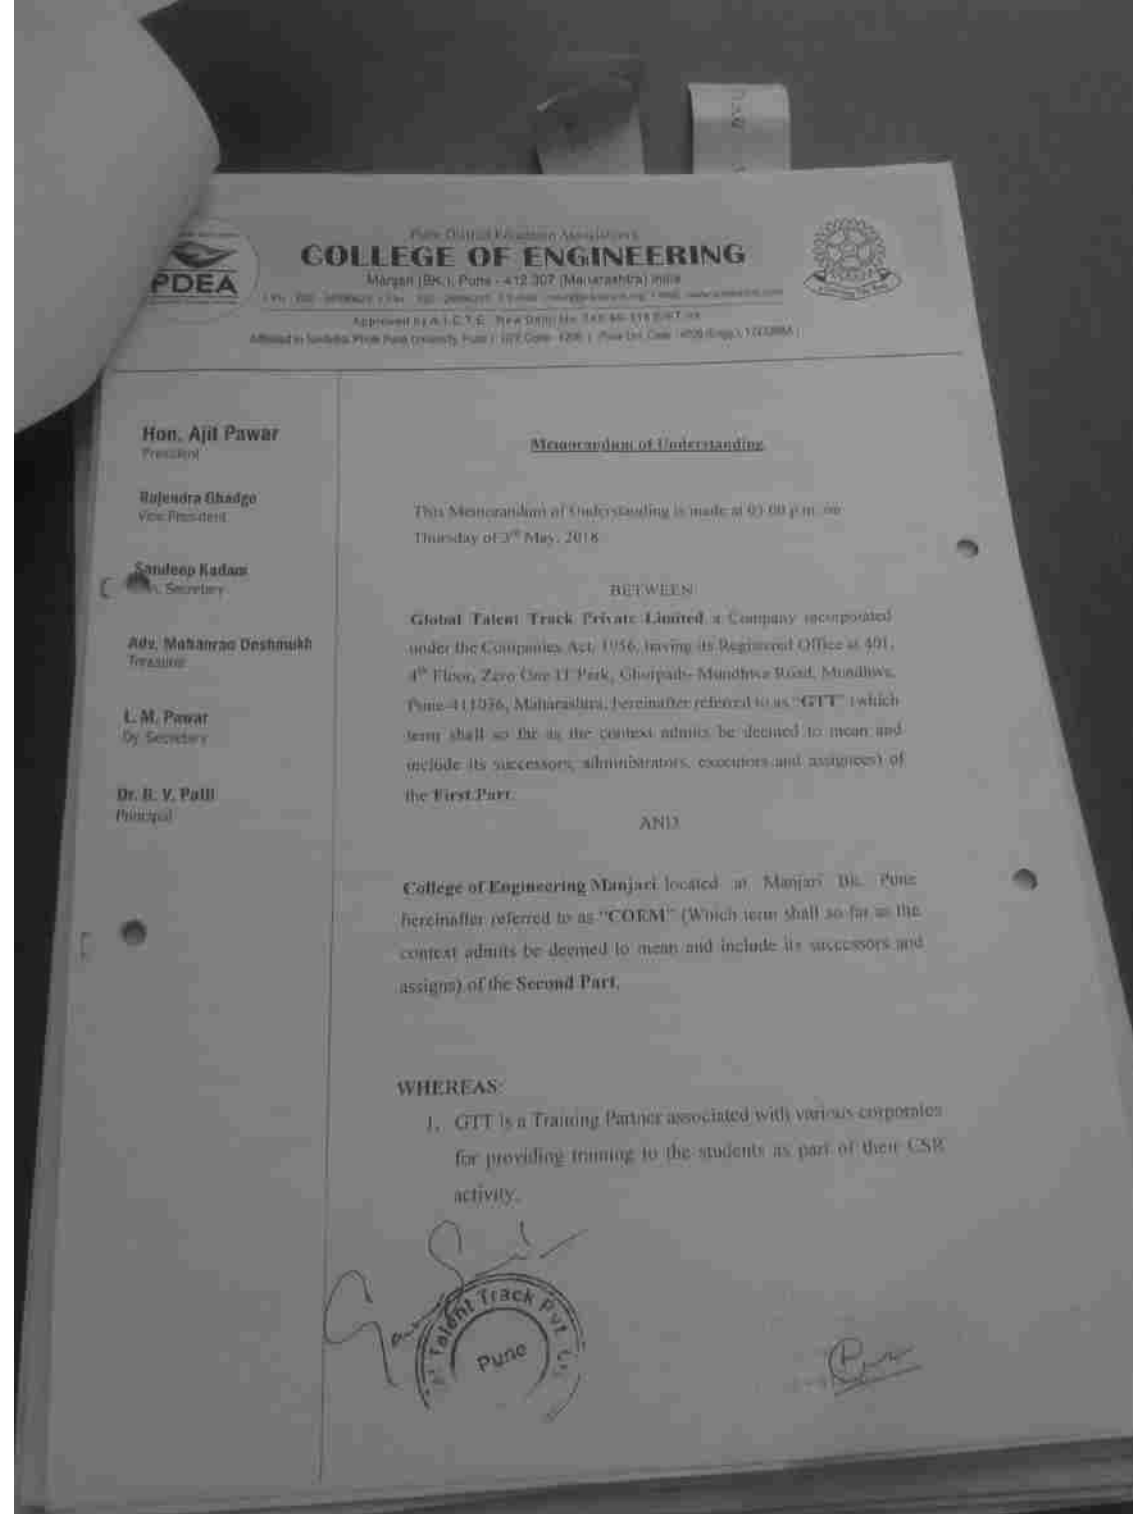

Criteria 3

3.5.3

Criteria 3
3.5.3

Criteria 3

3.5.3

5. COEM College is an educational institution affiliated to Savitribai Phule Pune University. The College offers various Graduate & Post Graduate Courses in Engineering & Management.
6. COEM College is willing to enter into a Memorandum of Understanding (MOU) with GTI for the skills enhancement initiative through Career Clap, the technology platform and other face to face initiatives.

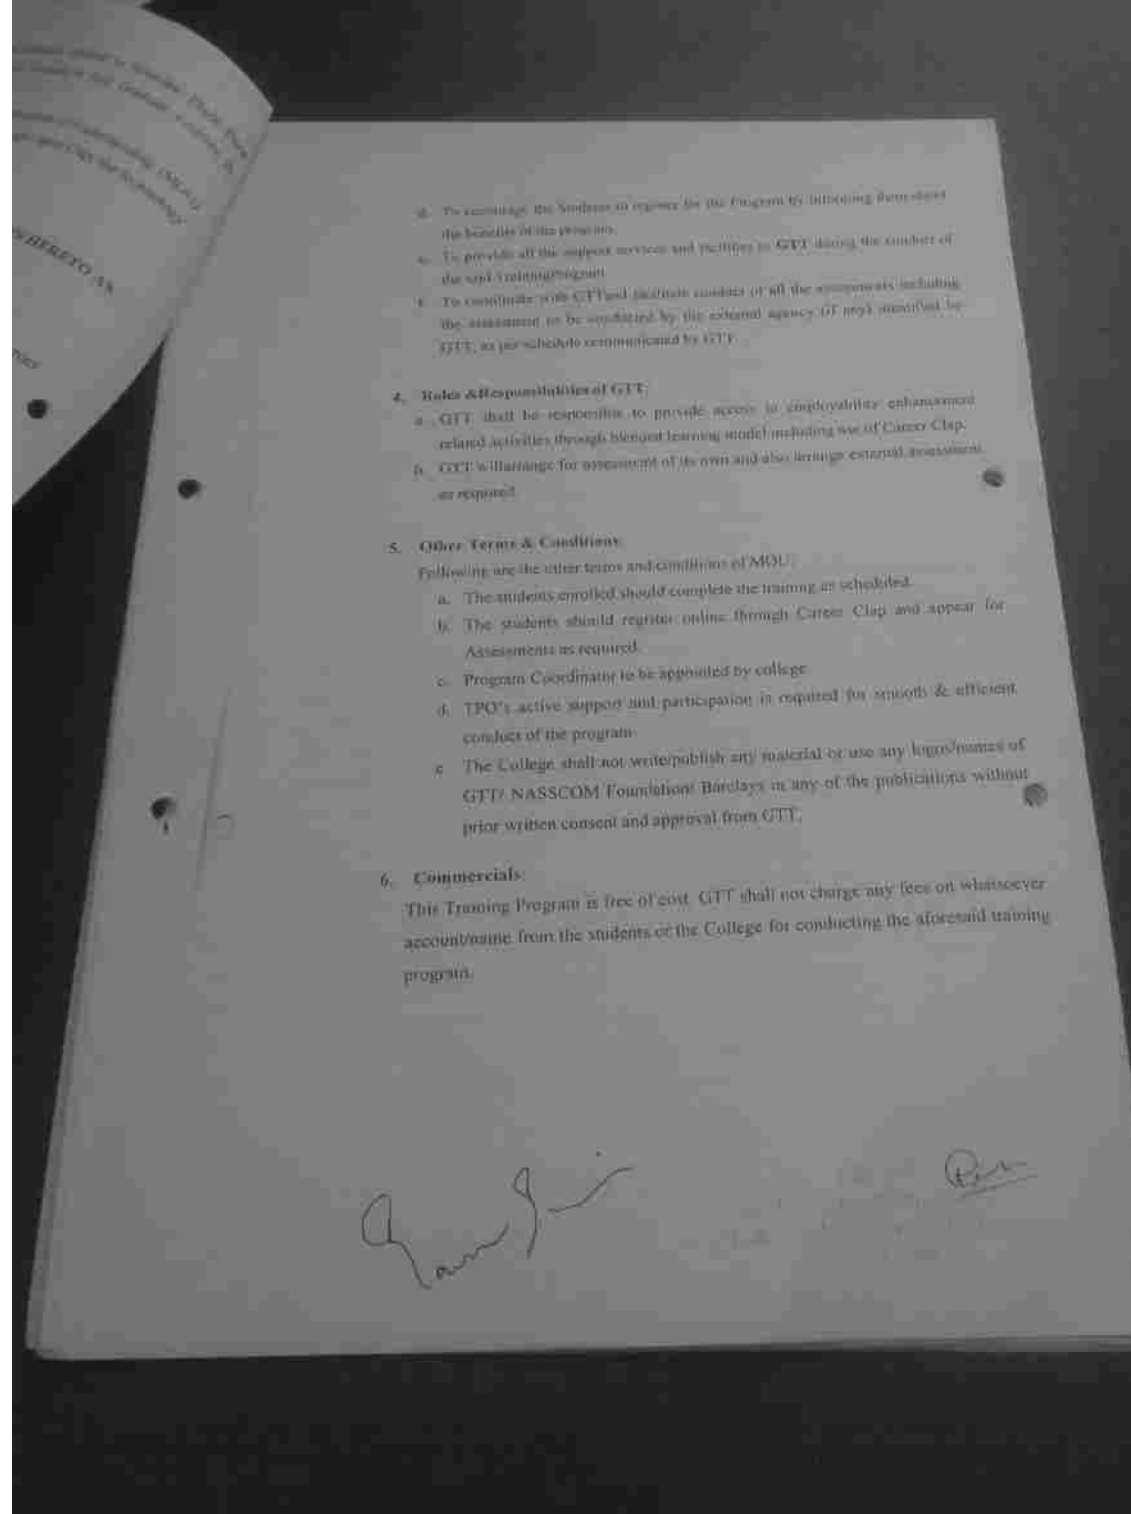

NOW IT IS HEREBY AGREED BY AND BETWEEN THE PARTIES HERETO AS UNDER:

1. **Objective:**
The objective of this MOU is to enable students of COEM College access resources that would enhance their employability.
2. **Period of MOU:**
This MOU shall come into force and effect from the date of execution and shall remain valid for a period of One year from such date after which the same may be reviewed by either party. However, if the same is not renewed this arrangement will be deemed terminated on the expiry of the said duration period.
3. **Roles & Responsibilities of the College:**
 - a. The College shall be responsible to nominate one person with adequate accountability and responsibility to coordinate the engagement. The person so appointed would act as the single point of contact (SPOC) for the proposed initiative.
 - b. The College shall share the details of the students like name, email ID, contact details who are willing to undergo the aforesaid skill enhancement initiative through Career Clap with GTI in the College Letterhead. The College further authorises GTI to share the above information with NASSCOM Foundation/Barelays to get in touch with the students for updating them about various job fairs, placement drives etc, and to seek feedback of the program.
 - c. It would be the responsibility of the College to ensure that proper publicity of the Program is made through College website.

GTI

Criteria 3

3.5.3

Criteria 3

3.5.3

7. Certification:
A certificate shall be awarded by GFTT to the students on successful completion of the training and clearing of the assessment held post completion of the training program.

8. Limitations and Warranties:
Both parties agree that it would be their endeavour to prevent any liability arising out of default or non-compliance of the MOU terms by the other party.

9. Termination:
a. Both parties can terminate the MOU with a prior written thirty (30) day notice on default of terms or non-adherence to any condition or responsibility by the other party as outlined in this MOU. In case such default is not rectified within such 30 days.
b. Both parties also agree that it would be their professional endeavour that despite any termination of the MOU, progress would continue without any prejudice to the ongoing Training Programs, which would be without any hindrance and would be progressed for completion.

10. Entirety & Amendment:

This MOU contains the entire understanding between the Parties in relation to the Training Program. If during the operation of the MOU, circumstances may arise which call for alteration / modification to this MOU, such alteration / modification shall be mutually discussed and agreed upon in writing. Such changes will be formalized in writing as an 'Addendum' to this MOU. Any changes/amendments to this MOU not in conformance to this section shall be deemed to be void-ab-initio.

11. Intellectual Proprietary Rights:

All intellectual or proprietary property and information, supplied or developed by either Party shall be and remain the sole and exclusive property of the Party who supplied or developed same. Upon termination of this MOU and upon written request, the Party in receipt of the requesting Party's intellectual or proprietary property and/or information pursuant to this MOU shall return such information to the requesting Party.

Criteria 3

3.5.3

12. Confidential Information

- a. Both parties undertake to each other to keep confidential all information (written or oral) concerning the business and affairs of the other, which has been obtained or received during the course(s) of performance hereunder, save that which is inconsequential or obvious.
- b. Already in its possession other than as a result of a breach of this clause, or in the hands of the public other than as a result of a breach of this clause.
- c. In the event of any of the parties becoming legally compelled to disclose any confidential information, such party shall give sufficient notice to the other party so as to enable the other party to seek a timely protective order or any other appropriate relief. If such an order or other relief cannot be obtained, the party being required to make such a disclosure shall make the disclosure of the Confidential Information only to the extent that is legally required of it and no further.
- d. Both parties agree not to deal directly or enter into any business agreement with any of the partners or associates or customers of either party during the term of the agreement and also after the agreement have been terminated, not earlier than two years from the date of termination.

13. Force Majeure:

- a. Neither party to this MOU shall be liable for any failure or delay on its part in performing any of its obligations under this MOU, if such failure or delay shall be result of or arising out of Force Majeure conditions and, provided that the party claiming Force Majeure shall use its best efforts to avoid or remove such cause of non-performance and shall fulfil and continue performance hereunder with the utmost dispatch whenever and to the extent such cause or causes are removed.
- b. Any extraordinary event, which cannot be controlled by the parties, shall for the purpose of this MOU be considered as a Force Majeure event. Such events include acts of God, acts or omissions of any Government or agency thereof, compliance with rules, regulations or order of any Government Authority. Provided however, if either party claims that existence of any of the aforesaid

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is made on 3rd March 2017

Between

PDEA's College of Engineering Manjari (Bk), Pune., (Hereinafter referred to as "PDEA COEM", which expression shall, unless repugnant to the context or meaning thereof, include its successors, legal representatives and permitted assignees) Through its Principal on FIRST PART

And

Technomech Pvt Ltd., Hadapsar, Pune, 411028, a registered partnership firm through its partner Mr. Sameer Lalkar (Hereafter referred to as "TPLH", which expression shall unless repugnant to the context or meaning thereof, include its successors, legal representative and permitted assignees) on SECOND PART

AND WHEREAS PDEA COEM is a leading institute working in the field of Fundamental Education, Engineering, Information Technology and Business Management based in Pune and has state of the art infrastructure.

And WHEREAS both PDEA COEM and TPLH are desirous of associating with each other in supplementing and integrating their expertise

Now therefore, in consideration of the premises and the actual covenants herein contained, it is agreed by both PDEA COEM and TPLH as under

1.0 Definitions and Interpretation

1.1 "MOU" shall mean this Memorandum of Understanding executed between PDEA COEM and PROC on 3rd March 2017.

1.2 "Party" or "Parties" shall mean PDEA COEM and PROC individually and collectively as the context may require

1.3 The headings/subheadings/titles sub-titles are only for the sake of convenience and shall not be interpreted to restrict or otherwise affect the meaning or import of the clauses, which shall be interpreted solely in light of the contents thereof.

1.4 Use of words in the singular includes the plural and vice versa and the masculine gender includes the feminine where applicable

1.5 Where a word or phrase is defined, other parts of speech and grammatical forms of that word or phrase shall have the corresponding meanings. Any reference to "Writing" includes printing, typing, lithography and other means of reproducing words in visible form.

2.0 Authority to bind

No party shall act on behalf of the other party to contractually bind the other Party under the terms of this MOU having first obtained the other Party's written agreement.

Criteria 3

3.5.3

3.0 Confidential and Proprietary information

3.1 "Confidential Information" shall mean all information, written or verbal, identified as confidential or of a nature that a reasonable person would understand as being considered confidential by TPLH, and disclosed by TPLH to PDEACOEM or its faculty, which is related to TPLH information such as course material, training data, guidance notes, procedures, methodology and licenses etc.

3.2 PDEACOEM shall hold in trust and confidence, for TPLH, all confidential information provided by TPLH and PDEACOEM shall not disclose to any person, or use such information for any purpose other than defined in this MoU. PDEACOEM shall not make any copies of the confidential information than are required for the work involved and with prior and mutual consent from PROC and shall return/destroy all such information at the termination of the contract. By disclosing this information to PDEA COEM, TPLH does not grant any express, implied or other license or right to PDEA COEM to propagate the information.

3.3 PDEA COEM shall not disclose confidential information or work to any third parties, including other contractors of PDEACOEM, without first obtaining written consent from TPLH.

3.4 PDEA COEM shall disclose TPLH confidential information only to PDEACOEM's employees having a legitimate business reason to know the same and shall inform each employee receiving the confidential information of the confidential nature of the same and PDEACOEM's obligations hereunder. PDEACOEM shall also segregate such information at all times from the confidential material of others so as to prevent any co-mingling.

3.5 PDEA COEM shall secure documents, items of work in progress and work products that embody confidential information in locked files or areas providing restricted access to prevent its unauthorized disclosure. PDEA COEM shall maintain adequate procedures to prevent loss of any confidential information or confidential documents provided to it by TPLH. In the event of any loss, PDEACOEM shall notify TPLH immediately.

4.0 Termination

Except for those obligations contained in clauses 3.2 to 3.5, which continue after termination or expiration the present MOU as provided herein, the present MOU shall terminate (one) year from the date of signing of MOU, unless renewed for a further mutually agreed period.

5.0 Assignment

This MOU shall not be assigned or otherwise transferred by any Party, in whole or in part, without the express written consent of the Other Party.

6.0 Consequential Damages

Other than expressly mentioned in this MOU, either Party shall not under any circumstances or at any time be liable to the other under or in connection with the MOU for any special or any direct or indirect loss or damage or for any consequential loss or damage, whether direct or indirect, including but without limiting the generality of the foregoing, loss of profits, loss of production, or loss of opportunities.

7.0 Severability

If any provision of this MOU or the application thereof to any person, entity or circumstance shall be invalid or unenforceable to any extent, the remainder of this MOU shall not be affected thereby and the application of such provision shall be enforced to the greatest extent permitted by law.

Criteria 3

3.5.3

8.0 Arbitration

8.1 All disputes, differences or claims arising out of or in relation with this MOU not limited but inclusive of as regards to rights, liabilities, damages, claims, breach or interpretation of this MOU between the Parties shall be referred to arbitration.

8.2 Any party shall give a written notice to other party of existing such dispute, difference or claim. On receipt of such notice within 15 days, the Head of Institution of PDEA COEM and Partner, TPLH or any other persons so nominated by the respective Parties, shall meet together and try to resolve such dispute, difference or claim amicably. If such amicable solution is not arrived within one month, then the matter shall be referred to Arbitration.

8.3 The place of arbitration shall be Pune. The arbitration proceedings shall be conducted in English as per the rules of The Arbitration and Conciliation Act 1996 by three (3) arbitrators appointed in accordance with the said Rules. The Arbitration Decision shall be final and binding on both the parties.

9.0 Governing Law

The agreement shall be governed by Laws of India.

10.0 Notices

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is made on 3rd March 2017

Between

PDEA's College of Engineering Manjari (BK), Pune., (Hereinafter referred to as "PDEA COEM", which expression shall, unless repugnant to the context or meaning thereof, include its successors, legal representatives and permitted assignees) Through its Principal on FIRST PART

And

Atrashape Components , J - 288/2 MIDC , Bhosari, Pune., a registered partnership firm through its partner Mr. Sameer Latkar (Hereafter referred to as "AC", which expression shall unless repugnant to the context or meaning thereof, include its successors, legal representative and permitted assignees) on SECOND PART

AND WHEREAS PDEA COEM is a leading institute working in the field of Fundamental Education, Engineering, Information Technology and Business Management based in Pune and has state of the art infrastructure.

And WHEREAS both PDEA COEM and AC are desirous of associating with each other in supplementing and integrating their expertise

Now therefore, in consideration of the premises and the actual covenants herein contained, it is agreed by both PDEA COEM and AC as under

1.0 Definitions and Interpretation

1.1 "MOU" shall mean this Memorandum of Understanding executed between PDEA COEM and AC on 3rd March 2017

1.2 "Party" or "Parties" shall mean PDEA COEM and AC individually and collectively as the context may require

1.3 The headings/subheadings/titles sub-titles are only for the sake of convenience and shall not be interpreted to restrict or otherwise affect the meaning or import of the clauses, which shall be interpreted solely in light of the contents thereof.

1.4 Use of words in the singular includes the plural and vice versa and the masculine gender includes the feminine where applicable

1.5 Where a word or phrase is defined, other parts of speech and grammatical forms of that word or phrase shall have the corresponding meanings. Any reference to 'Writing' includes printing, typing, lithography and other means of reproducing words in visible form.

2.0 Authority to bind

No party shall act on behalf of the other party to contractually bind the other Party under the terms of this MOU having first obtained the other Party's written agreement.

Criteria 3

3.5.3

3.0 Confidential and Proprietary Information

3.1 "Confidential Information" shall mean all information, written or verbal, identified as confidential or of a nature that a reasonable person would understand as being considered confidential by AC, and disclosed by DEPL to PDEACOEM or its faculty which is related to TPPL information such as course material, training data, guidance notes, procedures, methodology and licenses etc.

3.2 PDEACOEM shall hold in trust and confidence, for AC all confidential information provided by AC and PDEACOEM shall not disclose to any person, or use such information for any purpose other than defined in this MoU. PDEACOEM shall not make any copies of the confidential information than are required for the work involved and with prior and mutual consent from AC and shall return/destroy all such information at the termination of the contract. By disclosing this information to PDEA COEM, AC does not grant any express, implied or other license or right to PDEA COEM to propagate the information.

3.3 PDEA COEM shall not disclose confidential information or work to any third parties, including other contractors of PDEACOEM, without first obtaining written consent from TPLH.

3.4 PDEA COEM shall disclose AC confidential information only to PDEACOEM's employees having a legitimate business reason to know the same and shall inform each employee receiving the confidential information of the confidential nature of the same and PDEACOEM's obligations hereunder. PDEACOEM shall also segregate such information at all times from the confidential material of others so as to prevent any co-mingling.

3.5 PDEA COEM shall secure documents, items of work in progress and work products that embody confidential information in locked files or areas providing restricted access to prevent its unauthorized disclosure. PDEA COEM shall maintain adequate procedures to prevent loss of any confidential information or confidential documents provided to it by AC. In the event of any loss, PDEACOEM shall notify ITPLH immediately.

4.0 Termination

Except for those obligations contained in clauses 3.2 to 3.5, which continue after termination or expiration the present MOU as provided herein, the present MOU shall terminate (one) year from the date of signing of MOU, unless renewed for a further mutually agreed period.

5.0 Assignment

This MOU shall not be assigned or otherwise transferred by any Party, in whole or in part, without the express written consent of the Other Party.

6.0 Consequential Damages

Other than expressly mentioned in this MOU, either Party shall not under any circumstances or at any time be liable to the other under or in connection with the MOU for any special or any direct or indirect loss or damage or for any consequential loss or damage, whether direct or indirect, including but without limiting the generality of the foregoing, loss of profits, loss of production, or loss of opportunities.

7.0 Severability

If any provision of this MOU or the application thereof to any person, entity or circumstance shall be invalid or unenforceable to any extent, the remainder of this MOU shall not be affected thereby and the application of such provision shall be enforced to the greatest extent permitted by law.

Criteria 3

3.5.3

8.0 Arbitration

8.1 All disputes, differences or claims arising out of or in relation with this MOU not limited but inclusive of as regards to rights, liabilities, damages, claims, breach or interpretation of this MOU between the Parties shall be referred to arbitration.

8.2 Any party shall give a written notice to other party of existing such dispute, difference or claim. On receipt of such notice within 15 days, the Head of Institution of PDEA COEM and Partner, AC or any other persons so nominated by the respective Parties shall meet together and try to resolve such dispute, difference or claim amicably. If such amicable solution is not arrived within one month, then the matter shall be referred to Arbitration.

8.3 The place of arbitration shall be Pune. The arbitration proceedings shall be conducted in English as per the rules of The Arbitration and Conciliation Act 1996 by three (3) arbitrators appointed in accordance with the said Rules. The Arbitration Decision shall be final and binding on both the parties.

9.0 Governing Law

The agreement shall be governed by Laws of India.

10.0 Notices

10.1 Any notice and other communications provided for in the Agreement shall be in writing in English and shall be first transmitted by facsimile transmission and / or by internationally recognized courier service in the manner as elected by the Party giving such notice.

5.0 Assignment

This MOU shall not be assigned or otherwise transferred by any Party, in whole or in part, without the express written consent of the Other Party.

6.0 Consequential Damages

Other than expressly mentioned in this MOU, either Party shall not under any circumstances or at any time be liable to the other under or in connection with the MOU for any special or any direct or indirect loss or damage or for any consequential loss or damage, whether direct or indirect, including but without limiting the generality of the foregoing, loss of profits, loss of production, or loss of opportunities.

7.0 Severability

If any provision of this MOU or the application thereof to any person, entity or circumstance shall be invalid or unenforceable to any extent, the remainder of this MOU shall not be affected thereby and the application of such provision shall be enforced to the greatest extent permitted by law.

8.0 Arbitration

8.1 All disputes, differences or claims arising out of or in relation with this MOU not limited but inclusive of, as regards to rights, liabilities, damages, claims, breach or interpretation of this MOU between the Parties shall be referred to arbitration.

8.2 Any party shall give a written notice to other party of existing such dispute, difference or claim. On receipt of such notice within 15 days, the Head of Institution of PDEACOEM and Partner, Tech Hub or any other persons so nominated by the respective Parties, shall meet together and try to resolve such dispute, difference or claim amicably. If such amicable solution is not arrived within one month, then the matter shall be referred to Arbitration.

8.3 The place of arbitration shall be Pune. The arbitration proceedings shall be conducted in English as per the rules of The Arbitration and Conciliation Act 1996 by three (3) arbitrators appointed in accordance with the said Rules. The Arbitration Decision shall be final and binding on both the parties.

9.0 Governing Law

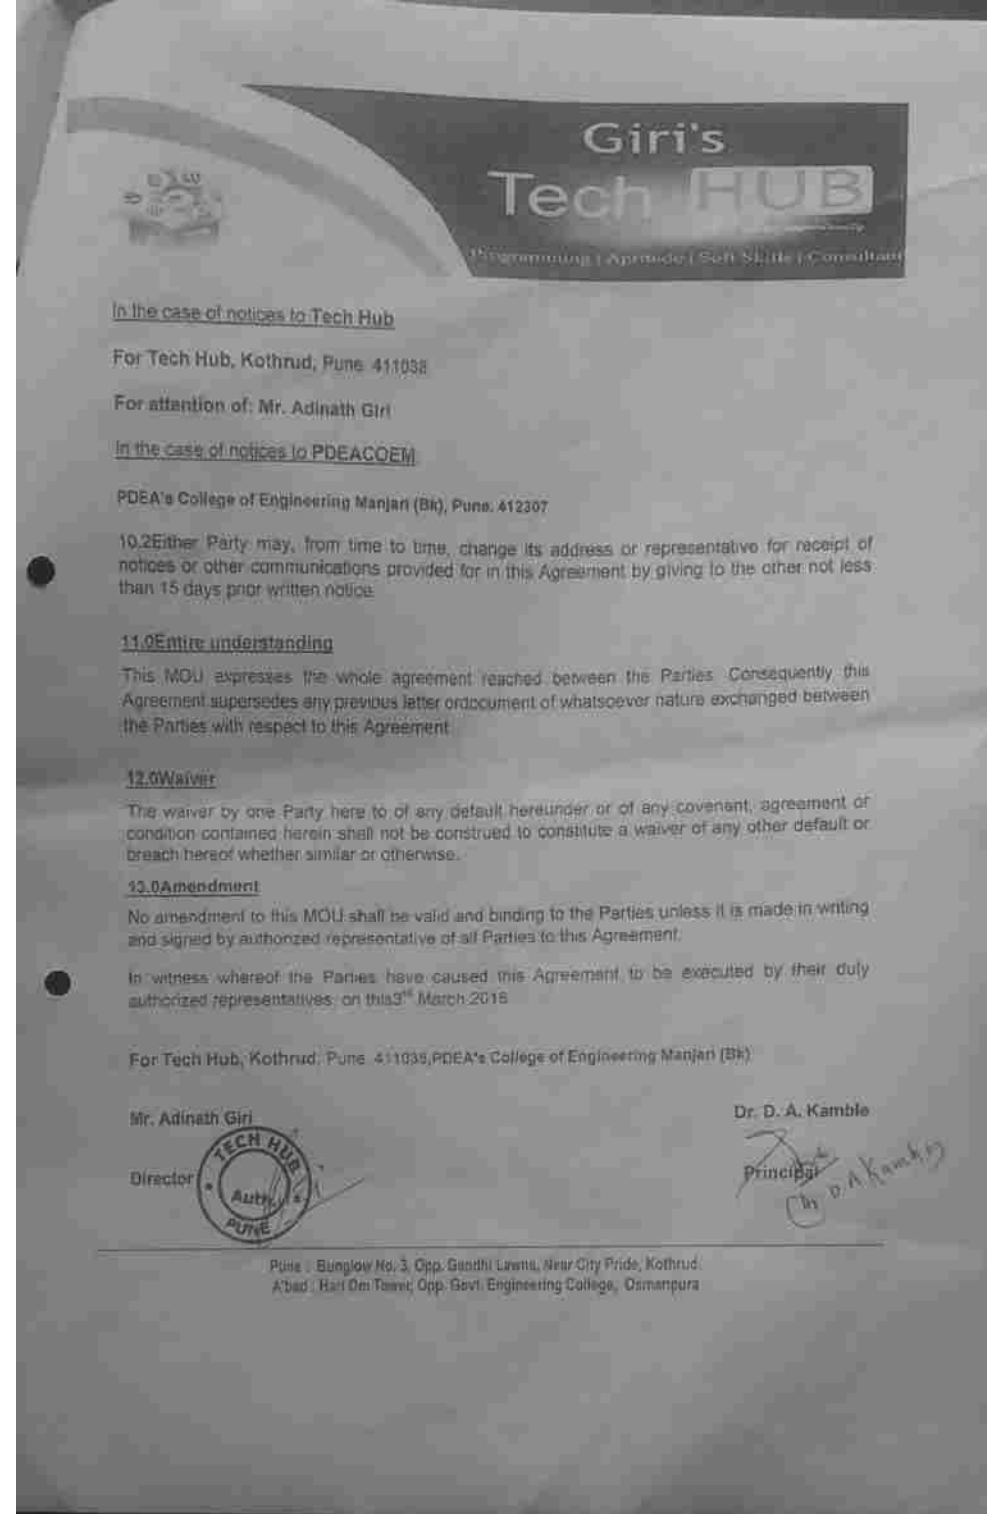

The agreement shall be governed by Laws of India.

10.0 Notices

10.1 Any notice and other communications provided for in the Agreement shall be in writing in English and shall be first transmitted by facsimile transmission and / or by internationally recognized courier service, in the manner as elected by the Party giving such notice.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is made on 3rd August 2016

Between

PDEA's College of Engineering Manjari (Bk), Pune, (Hereinafter referred to as "PDEACOEM", which expression shall, unless repugnant to the context or meaning thereof, include its successors, legal representatives and permitted assignees) through its Principal on **FIRST PART**

And

ISASH IT Solution Pvt Ltd., Kharadi, Pune (Hereafter referred to as "ISASH", which expression shall unless repugnant to the context or meaning thereof, include its successors, legal representative and permitted assignees) on **SECOND PART**

AND WHEREAS PDEACOEM is a leading institute working in the field of Fundamental Education, Engineering, Information Technology and Business Management based in Pune and has state of the art infrastructure.

And WHEREAS both PDEACOEM and ISASH are desirous of associating with each other in supplementing and integrating their expertise

Now therefore, in consideration of the premises and the actual covenants herein contained, it is agreed by both PDEACOEM and ISASH as under.

1.0 Definitions and Interpretation

1.1 "MOU" shall mean this Memorandum of Understanding executed between PDEACOEM and PROC on 3rd August 2016.

1.2 "Party" or "Parties" shall mean PDEACOEM and PROC individually and collectively as the context may require.

1.3 The headings/subheadings/titles sub-titles are only for the sake of convenience and shall not be interpreted to restrict or otherwise affect the meaning or import of the clauses, which shall be interpreted solely in light of the contents thereof.

1.4 Use of words in the singular includes the plural and vice versa and the masculine gender includes the feminine where applicable.

Criteria 3

3.5.3

iSASH IT Solution Pvt Ltd.

Applying Ultimate Imagination

1.5 Where a word or phrase is defined, other parts of speech and grammatical forms of that word or phrase shall have the corresponding meanings. Any reference to 'Writing' includes printing, typing, lithography and other means of reproducing words in visible form.

2.0 Authority to bind

No party shall act on behalf of the other party to contractually bind the other Party under the terms of this MOU having first obtained the other Party's written agreement.

3.0 Confidential and Proprietary information

3.1 "Confidential Information" shall mean all information, written or verbal, identified as confidential or of a nature that a reasonable person would understand as being considered confidential by iSASH, and disclosed by iSASH to PDEACOEM or its faculty which is related to iSASH information such as course material, training data, guidance notes, procedures, methodology and licenses etc.

3.2 PDEACOEM shall hold in trust and confidence, for iSASH all confidential information provided by iSASH and PDEACOEM shall not disclose to any person, or use such information for any purpose other than defined in this MoU. PDEACOEM shall not make any copies of the confidential information than are required for the work involved and with prior and mutual consent from PROC and shall return/destroy all such information at the termination of the contract. By disclosing this information to PDEACOEM, iSASH does not grant any express, implied or other license or right to PDEACOEM to propagate the information.

3.3 PDEACOEM shall not disclose confidential information or work to any third parties, including other contractors of PDEACOEM, without first obtaining written consent from iSASH.

3.4 PDEACOEM shall disclose iSASH confidential information only to PDEACOEM's employees having a legitimate business reason to know the same and shall inform each employee receiving the confidential information of the confidential nature of the same and PDEACOEM's obligations hereunder. PDEACOEM shall also segregate such information at all times from the confidential material of others so as to prevent any co-mingling.

3.5 PDEACOEM shall secure documents, items of work in progress and work products that embody confidential information in locked files or areas providing restricted access to prevent its unauthorized disclosure. PDEACOEM shall maintain adequate procedures to prevent loss of any confidential information or confidential documents provided to it by iSASH. In the event of any loss, PDEACOEM shall notify iSASH immediately.

Criteria 3

Technology has a remarkable influence on the society in general and on human life in particular. Society has a cyclical and mutual dependence on technology. Technology has created many avenues and opportunities that were hitherto unimaginable. Since it has become a part of people's living rooms, the needs and demands for a safe technology has been on the rise. Improper use of technology has raised many flags of concern over the environment and overall well-being of the society. Technology is needed for activities such as communication, travel, trade and commerce, education, medicine, etc. Technology has begun to play a vital role in simplifying the way things are done. Thus, it is high time to create technologies that are safe and relevant to the societal needs. We have come of age and time to tackle some of society's most compelling issues pronto. It is no longer adequate to work in cells, taking on small sections of the problem at a time. Rather, it is imperative to pool knowledge and resources around the world to create opportunity, empowered by technology, for the society to improve life.

This book is a compendium of selected best papers presented at Techno-Societal: 2016 organized by SVERI's College of Engineering, Pandharpur, India on 20–21 December 2016.

Techno-Societal: 2016 is a first international conference aimed at creating a growing sense of responsibility to solve the challenges of society especially through technology. More than 400 authors submitted their work to the conference. The conference editorial committee decided the acceptance of the submitted papers, with contribution of experts from various fields through double peer review process. A total of 193 full papers of original work were selected. During the conference about 20 keynote speaker sessions were arranged in order to give direction and contribute to specific research areas.

The conference offered various sessions under its name. For the purpose of this book, 108 selected papers and 6 papers from keynote speakers are divided into seven topical areas, viz. 1. Deployable Societal Technologies 2. Sensor-, Image- and Data-driven Societal Technologies 3. Mechatronics, Micro–Nano Related for

Criteria 3 Optimization of Biodiesel Synthesis 3.3,5 from Karanja Oil Using Heterogeneous Catalyst by Transesterification Process

Satish A. Patil and R.R. Arakerimath

Keywords Transesterification • Catalyst • Heterogeneous • Optimization • Renewable

1 Introduction

1.1 Importance

Diesel fuels are used in many areas and have importance for the economy of countries. Interest in the use of alternative fuels for diesel engines has risen with the decrease of petroleum reserves and the rise in environmental consciousness. Because of the energy and global warming crisis, development of renewable energies, for example, H_2 energy, solar energy and biodiesel have been focused worldwide.

Due to the properties like high degradability, no toxicity, low emission of carbon monoxide, particulate matter and unburned hydrocarbons biodiesel has gained international attention as a source of alternative fuel. Biodiesel can be used in conventional compression ignition engines, which need almost no modification. It can be used as heating oil and as fuel.

1.2 Biodiesel

The fuel which will be alternated to diesel fuel must be suitable and acceptable technically, Biodiesel which can be produced from vegetable oils and animal fats is

3.3.5

an alternative fuel for diesel engines. It is long-chain fatty acid alkyl ester and is one of the interesting alternative fuels which can be produced from renewable sources and provides complete combustion with less gaseous pollutant emission. Biodiesel is an ecofriendly and alternative energy source for diesel engines that can be synthesized by transesterification of vegetable oil or animal fat with alcohols.

1.3 Heterogeneous catalyst

To avoid catalyst removal operations and soap formation and most important to save lots of waste stream, much effort has been expended on the search for solid acid or basic catalysts that could be used in a heterogeneous catalyzed process. In the heterogeneous process, the catalyst is very stable with no metal leaching. There is no formation of either glycerate salts or metal soaps which affords the advantages: no neutralization step is required, there is no introduction of water and there is no salt formation; these accounts for exceptional glycerol purity.

1.4 Transesterification Process

To avoid catalyst removal operations and soap formation and most important to save lots of waste stream, much effort has been expended on the search for solid acid or basic catalysts that could be used in a heterogeneous catalyzed process. Here a new continuous process is described, where the transesterification reaction is promoted by a completely heterogeneous catalyst.

1.5 Steps for Transesterification Process

- (1) Take one liter of Vegetable oil in round bottom flask and heat unto 65–70 °C
- (2) Check the FFA content of the oil. If it is more than 5% then esterification is essential.
- (3) Dissolve catalyst in alcohol, and then it is poured into the round bottom flask containing heated Vegetable oil.
- (4) Stirring of the mixture continuously.
- (5) Maintain the temperature for 1 h and then allow the reaction products to settle under gravity for 6 h in a separating funnel.
- (6) The color of Vegetable oil changed from deep brown to reddish yellow.
- (7) Vegetable oil methyl ester (biodiesel) and glycerol from upper and lower layers respectively.
- (8) Separate out biodiesel, catalysts, methanol and glycerol.

2 Experimental Setup for Biodiesel Production by Transesterification Process

This experimental set up contains 1000 ml four necked round bottom flask as a reactor. The flask has placed in heating mantle whose temperature could be controlled. One of the two side necks has equipped with a thermo well containing little glycerol for temperature measurement inside the reactor (Figs. 1 and 2).

Fig. 1 Sketch of transesterification process setup

3.3.3 Condenser has used to reflux alcohol vapors back to the reactor to prevent any reactant loss. A blade stirrer has passed through the central neck, which has connected to a motor along with speed regulator for adjusting and controlling the stirrer speed. The transesterification reactions were performed in various conditions to determine the optimum conditions of transesterification. Variable quantities of catalyst were dissolved in various amount of methanol as described in each test. The reaction was carried out by taking 100 ml of Karanja oil and 0.4 wt% of CaO catalyst with oil to methanol molar ratio 1:4.

After 2–3 h the transesterification reaction was completed and mixture was withdrawn from the reactor and poured in the funnel separator to separates biodiesel from glycerol. Separation of two phases which is performed by gravity requires at least 4 h.

3 Different Parameters Affecting the Transesterification Process

Effect of different parameters studied as follows.

- (1) Variation of Molar Ratio in reaction.
- (2) Effect of amount of catalyst.
- (3) Effect of temperature on reaction.
- (4) Effect of stirring speed on reaction.

All these parameters were studied separately for yield optimization.

4 Results by Variation of Different Parameters Obtained for Karanja Oil with CaO Catalyst Are as Follows

To avoid catalyst removal operations and soap formation and most important to save lots of waste stream, much effort has been expended on the search for solid acid or basic catalysts that could be used in a heterogeneous catalyzed process. Oxide of calcium (CaO) has been tried as solid base catalyst owing to their easy availability, low cost and non-corrosive nature.

4.1 Effect of Molar Ratio

Variation of Molar Ratio for different catalyst percentages is done by keeping other parameters Speed—600 rpm, Temp—60 °C constant. Table 1 shows different Variation of Molar Ratio for different catalyst percentages (Fig. 3).

Criteria 3 3.3,5

Optimization of Biodiesel Synthesis from Karanja Oil ...

Table 1 Variation of Molar Ratio for different catalyst percentages

Molar Ratio	Catalyst				
	0.40%	0.60%	0.80%	1.00%	1.20%
1:4	42	55	64	69	70
1:6	47	63	72	74	74
1:8	55	69	79	84	85
1:10	59	76	80	89	88
1:12	69	77	82	91	87

Fig. 3 Comparison of variation of Molar Ratio for different catalyst percentages

Fig. 4 Variation of catalyst is done by keeping the other parameters constant such as speed—600 rpm, temp—60 °C and Molar ratio 1:10

4.2 Effect of Catalyst %

Variation of catalyst is done by keeping the other parameters constant such as Speed—600 rpm, Temp—60 °C and Molar Ratio 1:10 (Fig. 4).

Criteria 3

The effect of catalyst on yield was studied with catalyst concentration varying from 0.4 to 1.2% considering the weight oil in gram. Heterogeneous catalyst CaO was used and reactions were carried out at 60 °C. At the catalyst amount 1.0 wt%, yield was maximum. Further addition of catalyst has decrease the yield of methyl ester (Table 2).

4.3 Effect of Reaction Temperature

Temperature variation has done from 45 to 70 °C at all other parameters kept constant i.e. Speed—600 rpm, Catalyst 1.0% and Molar Ratio 1:10. The obtained yield is as shown in Table 3.

The graph shows that temperature has an important influence on speed of reaction and led to higher conversion of ester. With increasing temperature of reaction, yield of biodiesel increased quickly to near the boiling point of alcohol. At higher temperature than boiling point of methanol, alcohol evaporates and the yield was decreased.

Figure 5 variation of temperature is done from 45 to 70 °C at all other parameters kept constant i.e. Speed—600 rpm, Catalyst 1.0% and Molar ratio 1:10.

4.4 Effect of Reaction Time

Variation of Time from 25 to 75 min done by keeping other parameters Speed—600 rpm, Catalyst 1.00%, Molar Ratio 1:10 and Temp 65 °C constant (Table 4).

Table 2 Variation of Molar Ratio for different catalyst percentages

Catalyst %	Yield %
0.40	59
0.60	76
0.80	80
1.00	89
1.20	88

Table 3 Temperature variation has done from 45 to 70 °C at all other parameters kept constant

Temp. (°C)	Yield %
45	57
50	70
55	79
60	88
65	90
70	87

3.3,5

Fig. 5 Variation of temperature is done from 45 to 70 °C at all other parameters kept constant i.e. Speed—600 rpm, Catalyst 1.0% and Molar ratio 1:10

Table 4 Variation of time from 25 to 75 min done by keeping other parameters

Reaction time in min	Yield %
25	60
35	66
45	72
55	80
65	86
75	90
85	90

Fig. 6 Variation of Time from 25 to 75 min done by keeping other parameters Speed—600 rpm Catalyst 1.00%, Molar Ratio 1:10 and Temp. 65 °C constant

In 25 min of reaction time, 60% conversion of biodiesel was obtained, which increased gradually with an increase in time. A reaction time of 75 min was found to give maximum yield 86% of biodiesel. A further increase in time could not increase the yield of biodiesel. It was because of maximum triglyceride get converted into its particular ester (Fig. 6).

Criteria 3 3.3.5

Table 5 Stirring speed variation is done from 200 to 700 rpm at all other parameters Catalyst 1.00%, Time 75 min, Molar ratio 1:10, Temp. 65 °C kept constant

Stirring speed	Yield %
200	55
300	63
400	69
500	78
600	90
700	90

Fig. 7 Stirring speed variation is done from 200 to 700 rpm at all other parameters Catalyst 1.00%, Time 75 min, Molar ratio 1:10, Temp. 65 °C kept constant

4.5 Effect of Reaction Speed

Stirring speed variation is done from 200 to 700 rpm at all other parameters Catalyst 1.00%, Time 75 min, Molar Ratio 1:10, Temp 65 °C kept constant (Table 5).

The rate of stirring was varied from 200 to 700 rpm. The yield was maximum with 600 rpm of agitation. With the agitation lower than 600 rpm, a lesser yield was obtained. With an agitation rate higher than 600 rpm, no more increase in either yield was observed (Fig. 7).

5 Conclusion

The parameters that affected the Transesterification reaction are Molar Ratio of alcohol to oil, catalyst concentration, temperature of reaction, time of reaction, stirring speed. All these parameters were studied separately for yield optimization. The result shows that biodiesel production using CaO catalyst is a considerable potential in biodiesel production process. A large number of experiments were carried out on transesterification of Karanja oil with methanol to produce biodiesel under different reaction conditions and an attempt has been made to analyze the effect of various reaction conditions on biodiesel yield. Maximum yield for the

3.3.5

production of methyl esters from Karanja oil was found to be 90% under the condition of temperature of 65 °C, the Molar Ratio of methanol to oil of 10:1, catalyst concentration of 1 wt%, stirring speed of 600 rpm and a reaction time of 75 min.

ABSTRACT

In most of the areas for sharing information, slide presentation plays an important role. The slides for the presentation are traditionally prepared using various tools. The traditional way of presenting slides is labor-intensive. Labor-intensive nature leaves scope for human-errors. In this paper, Research observation is enforcing the automated PPT creation from multi-documents of different extensions based on input query or title that formulate extraction of valuable information source and model a presentation view to automating slide creation using integer linear programming (ILP) method to generate well-structured slides by selecting and aligning key phrases and sentences. This will eventually help in reducing a great amount of the presenter's time and efforts. The proposed system works on natural language processing (NLP) rules to classify data for the desired slides. Preparing slides manually consume more time. The drawbacks of the traditional way lead to the need for an intelligent system. The intelligent system needs to be capable of generating slides with minimum human interference. The existing automatic tools fail to fetch the graphical elements from a given input. Hence the paper proposed an Automatic Slide Generation System. The proposed system fetches the graphical elements as well as text from a document. The proposed system is more reliable than the existing system.

Keywords: Classification, NLP, Support Vector Regression (SVR), ILP, Slide Generation, Modules

I. INTRODUCTION

As one of the most important ways of transferring information and knowledge, presentations provide users to discuss and exchange ideas together. Presentations now play an important role to promote understanding of presenters ideas in many fields such as education, research and business. Many university lecturers use Web service to store, browse, and share presentation slides that are used in their lectures. Although powerful tools for Inserted: slide composition have been developed and Web service has been widely used to share slides, they have a problem with preparing many lecture slides to help their students understand the contents. Lecturers need to prepare slides that can promote

understanding. But how to make the content of the slide fine-grained and highly structured is still a problem to address[4]. The traditional tools such as Microsoft PowerPoint and OpenOffice Impress fail to provide any functions of handling presenters' intentions. For example, the logical design of the slide structure and the interrelations between the objects. In presentation slides composition, it is necessary for presenters to consider topics, items, and their relations. Audiences cannot understand the presentation until they see the consistent discussion points in the slide structure. key idea is to construct a Language function from the objective function which is called as the primal objective function and the corresponding constraints, by introducing a dual set of variables. Automatic slides generation for

ABSTRACT

Presentation slides are widely used to communicate information to the audience. There are various tools available in the market which only deals with the formatting of the slides but not the content. However, this traditional way of preparing slides is labor-intensive in nature and leaves scope for human errors. Also, for lengthy documents, there is a chance of some important information being missed out. The drawbacks of the traditional way lead to a need for an intelligent system. The intelligent system needs to be capable of generating slides with minimum human interference. In this paper, we are enforcing the automated PPT creation from multi-documents of different extensions based on input query or title that formulate extraction of valuable information source and model a presentation view to automating slide creation using integer linear programming (ILP) method to generate well-structured slides by selecting and aligning key phrases and sentences. This will eventually help in reducing a great amount of the presenter's time and efforts. The proposed system works on natural language processing (NLP) rules to classify data for the desired slides.

Keywords: Classification, NLP, Support Vector Regression (SVR), ILP, Slide Generation, NLTK, Feature extraction.

1. INTRODUCTION

not help presenters in selecting the content for the slides.

Microsoft PowerPoint, virtual presentation software developed by Robert Gaskins and Dennis Austin for the American computer software company Forethought, Inc. PowerPoint was designed to facilitate visual demonstrations for group presentations in the business environment. Presentations are arranged as a series of individually designed slides that contain images, text, or other objects. The presenter has numerous programming tools to assist him in setting up the slides, including Microsoft Power-Point, Open Office, and Libre Office. Such tools are helpful in setting up the theme and outline of the presentation; however, they do

The traditional tools thus require a lot of investment, in terms of time and efforts. Collectively, a group of slides may be known as a slide deck [4]. The main focus of this project is to develop a system that helps to generate powerpoint presentation based on user query thus, preventing users time and increase performance. Support Vector Regression is used in maintaining all the main features which characterize the maximal margin of the algorithm. The Support Vector (SV) algorithm is a nonlinear generalization of the Generalized Portrait algorithm developed in Russia in.

Stolen Vehicle Detection and Automated Toll Collection System Using QR Code

Harshad Pampattiwar¹, Aishwarya Deshmukh², Pratik Sonawale³, Kajal Jagtap⁴, R.B. Rathod⁵

^{1,2,3,4} BE, Student, PDEA, Pune, Maharashtra, India

⁵ Prof., PDEA, Pune, Maharashtra, India

Abstract- Road transportation is the backbone of any country's economy. Improvement in transportation will lead to lifestyle characterized by extraordinary moments of people, immense trade in manufactured of good. Developing countries like India needs a significant improvement in infrastructure such as Roads or Highways. Construction of these highways is a costly affair, which can't be invested by the government alone. Normally Public private partnerships are made to construct such a huge project. The money spent on these projects can be regained by collecting toll from the passengers who use the roads. The toll collection system, especially in India faces some problems such as long queue lines, escaping from toll plazas etc. These systems can service only 300 vehicles per hour, and if more than that number of vehicles arrives at that plaza, server traffic jams may occur. [1]

With the increase in the number of vehicles on road, there has been a marked increase in the number of crimes involving vehicle theft. In spite of several stringent laws being in place and security measures taken by car manufacturers, thieves still find a way to remain one step ahead and vehicle theft is still among one of the most reported crimes worldwide. Due to the expensive nature of motor vehicles, there is ample incentive for petty thieves to attempt thefts.[2]

Manual toll collection system contain many drawbacks, like it needs collector to collect the amount at a toll booth, delay in time, traffic congestion, more fuel consumption, longer queue of traffic. To solve these problems we propose QRCode base toll collection and stolen vehicle detection system. QRCode is generated at the time of registration of vehicle in our proposed system. On toll collection booth we collect toll as well as identify vehicle is stolen or not. Propose toll collection system is cost effective, it provides better experience to peoples, less delay of time, shorter queue of traffic, less fuel consumption.

Index Terms- QR-Code, Electronic toll collection, Toll Authorities , stolen vehicle detection.

I. INTRODUCTION

If you are driving an extended distance and try to induce there as quickly as potential, you may most likely move highways and interstates that permit you to travel quicker and have fewer, if any stops. Of course, sure varieties of roads have occasional stops wherever you have got to pay cash to travel on the road. These varieties of roads are referred to as toll roads. Generally they additionally blow over alternative names, like toll-way. To travel on a toll road, you have got to pay a fee — referred to as a toll. Generally you have got to prevent each therefore usually to pay extra tolls to stay traveling on the toll road. Most roads are engineered with native, state or national government cash raised from taxes. Tolls are sort of a tax that applies only to the users of the toll road. Toll roads permit new roads to be designed and maintained without raising taxes on the overall public. A toll road does not forever keep a toll road forever, though. Generally tolls are removed on roads once the price of construction has been recovered from the tolls collected. you may know you are on a toll road when you encounter a toll plaza. A toll plaza could be a gated space wherever you have got to slow down or stop to pay a toll to continue traveling on the road. There are typically many available lanes with toll booths to keep traffic moving as quickly as possible. Some lanes could have individuals working the toll booths, so you'll pay with modification or money. These lanes have gotten slower and slower day by day as a result of variety of vehicle get increase rapidly. To resolve this problem we are planning to use QR Code. [3]

QR is short for fast Response Codes. They're wont to take a bit of knowledge from a short-lived media and place it in to your telephone. You will before long see

IFARMS: IOT BASED SMART DRIBBLE WATER SYSTEM AND INTERLOPER DETECTION SYSTEM ON CLOUD

Abstract -In India, the central calling is the cultivating. Almost the greater part of the cultivating is driven in the peaceful zones, however there is the insufficiency of the lodging and the carelessness about the different new innovations and the gadgets, because of which people groups are meandering towards developed territories. Thus, there is reprobate in horticulture. To overcome this issue, we go for splendid cultivating strategies using IOT. This endeavor fuses different features like GPS based remote checking, temperature identifying, clamminess distinguishing, appropriate usage of water in the residence. It makes usage of remote sensor frameworks for seeing the regular factors continually. Various sensor center points are arranged at better places in the residence. Controlling these parameters with the assistance of any remote gadget or web administrations and the tasks are acknowledged by interfacing sensors, Wi-Fi, camera with microcontroller. The method, Image preparing is utilized for interloper's discovery perseverance. Gatecrasher recognition is finished by utilizing camera and additionally different calculations. After identification of interloper, the appropriate move is made by framework. General framework in the field can totally advance the yield of the harvests and general generation.

Key Words: IoT, Sensors, GPS, Microcontroller, Wi-Fi, Camera, etc.

instance of by what means can the WSN improve the agricultural yield. All things considered, crops are antagonistically impacted by human or animal interlopers. Furthermore, the age system is still deficiently controlled which provoke a potential thing disaster. To overcome this point, the video surveillance centers can be used to perceive and recognize intruders and to better manage the creation method. The objective of this errand is to modernize the standard water framework structure. The standard target of this wander is to save work, diminishes misusing of water, from time to time the harvests may waste in light of over water framework, in like manner using a SMS based strategy to checking the method which is important for the digitalize the robotized technique.

Cultivating is standard wellspring of the all-inclusive community in current circumstance. It gives sustenance

and what's more tremendous work. Thusly, modernization of agribusiness is basic in light of the way that customary developing can't bolster up the collect yield. Subsequently, agriculturist start to use the diverse advancement to achieve better yield and decrease the required work.

In our endeavor, we are basically concentrating on following applications.

For an instance:

To reliably screen the soil sogginess.

To reliably screen the water level.

To check the temperature, stickiness.

To screen and control the whole structure.

Give the detail information about the field condition to the customer.

A) An Internet of Things:

1. INTRODUCTION

Farming is the help of Indian economy. The key issue looked in numerous country territories is that absence of automation in agrarian exercises. Horticulture is considered as most key wellsprings of wage and sustenance generation around the world. India is the country of cultivating. Most of the overall public of India live in towns and are totally subject to agribusiness. The center of the cultivation is water framework. In India cultivating practices is finished by troublesome work, using common instruments, for instance, wrinkle, sickle et cetera. Our Smart Farming System lessens the manual work and mechanizes the horticultural exercises. Actually, the sensor hubs are conveyed into the farmland. They begin to gather ecological data and screen soil qualities. At that point, they coordinate as indicated by planned conventions to impart the gathered information to an overwhelming hub. Starting now and into the foreseeable future, this information is arranged and treated to settle on a conceivable decision. The security perspective is

The Internet of Things (IoT) is one system which contains physical items that are implanted with the electronic gadgets, software's, network and sensors to accomplish a higher esteem and give a few administrations in regards to trade of subtle elements with the item producer, administrator. Typically, it is relied upon to give present day and pushed relationship between the contraptions for its proper correspondence and handles a combination of traditions, applications and learning bases.

Dear Sir,

Please find the list of students who visited Tata Strive and who have joined various training program. And on successful completion of the training all the learners will be given Multiple Job Opportunities wherein they can join immediately. Will Share the further data of their joining once they complete the training.

Regards,

Sagar Chatterjee

Sub: - Regarding Internship Program

Respected Sir,

Pune District Education Association (PDEA), founded in 1941, is one of the pioneering educational organizations in Maharashtra. It has more than 50 educational campuses in and around Pune. College of Engineering, Manjari (Bk) is one of the growing professional institutes of P.D.E.A, located at Manjari (Bk) and affiliated to Savitribai Phule Pune University.

Mr. Charudatt Suresh Deogade is the bonafide students of this institute from Mechanical Engineering and Interested in doing the internship in vacation period. Therefore, It is requested to kindly allow him for internship in your esteemed organization

He will follow the rules and regulations of your organization and will abide by all your terms and conditions. Kindly do the needful.

Thanking you,

Yours Faithfully,

Sub: - Regarding Internship Program

Respected Sir,
Pune District Education Association (PDEA), founded in 1941, is one of the pioneering educational organizations in Maharashtra. It has more than 50 educational campuses in and around Pune. College of Engineering, Manjari (Bk) is one of the growing professional institutes of P.D.E.A, located at Manjari (Bk) and affiliated to Savitribai Phule Pune University.

Mr. Kunal Bhatu Gavande is the bonafide students of this institute from Mechanical Engineering Third Year (T.E.) and Interested in doing the internship in vacation period. Therefore, It is requested to kindly allow him for internship in your esteemed organization

He will follow the rules and regulations of your organization and will abide by all your terms and conditions. Kindly do the needful.

Thanking you,

Yours Faithfully,

(Laxmikant Shinde)
