

2.3.1: Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences using ICT tools

Pune District Education Association's
COLLEGE OF ENGINEERING
Manjari (Bk), Pune - 412307
DEPARTMENT OF COMPUTER ENGINEERING.

Assignment No. 1

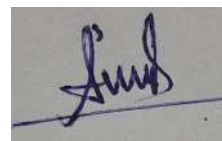

Unit I

Subject: Machine Learning

Year: 2021-22 (Semester II)

Marks: 50

CO1: Distinguish different learning based applications					
Que. No	Questions	BT Level	CO	PO	Marks
1	Define machine learning and state two examples or applications of machine learning in our day to day life.	1,2	CO1	1,2,12	10
2	Explain the roles of machine learning algorithms in following applications : a) Visual tracking with webcam or a Smartphone b) Predictive analytics	1,3	CO1	1,2,3,4	10
3	Justify the statement Raw data has a significant impact on feature engineering process.	1,2,3	CO1	1,2,3,4	10
4	With reference to machine learning explain the concept of adaptive machines.	1,2	CO1	1,2,3,4	10
5	Explain data format for supervised learning problem with example.	1	CO1	1,2,3	10

Subject Teacher
(Prof. S.P.Gade)

Assignment - 1

Gauri Raut

M T W T F S S

YOUVA

Date:

Q-1 Define Machine learning and state two examples or applications of machine learning in our day to day lives.

Ans:- Machine learning is a subset of Artificial Intelligence, that provides systems ability to learn automatically. It is a concept which allows machines to learn from their experience and examples and improve from experience without being explicitly programmed. Machines learn from their experience and makes predictions based on its experience. A machine learning algorithm is trained on a set of data to create a model, this data is called as training data.

Examples of Machine learning in our day to day lives:-

A] online shopping Recommendation:-

Recommendation of similar product while searching / shopping a online product. After buying one product, suggestion of people who bought this product also bought another product.

B] Target marketing using the concept of Clustering in machine learning:-

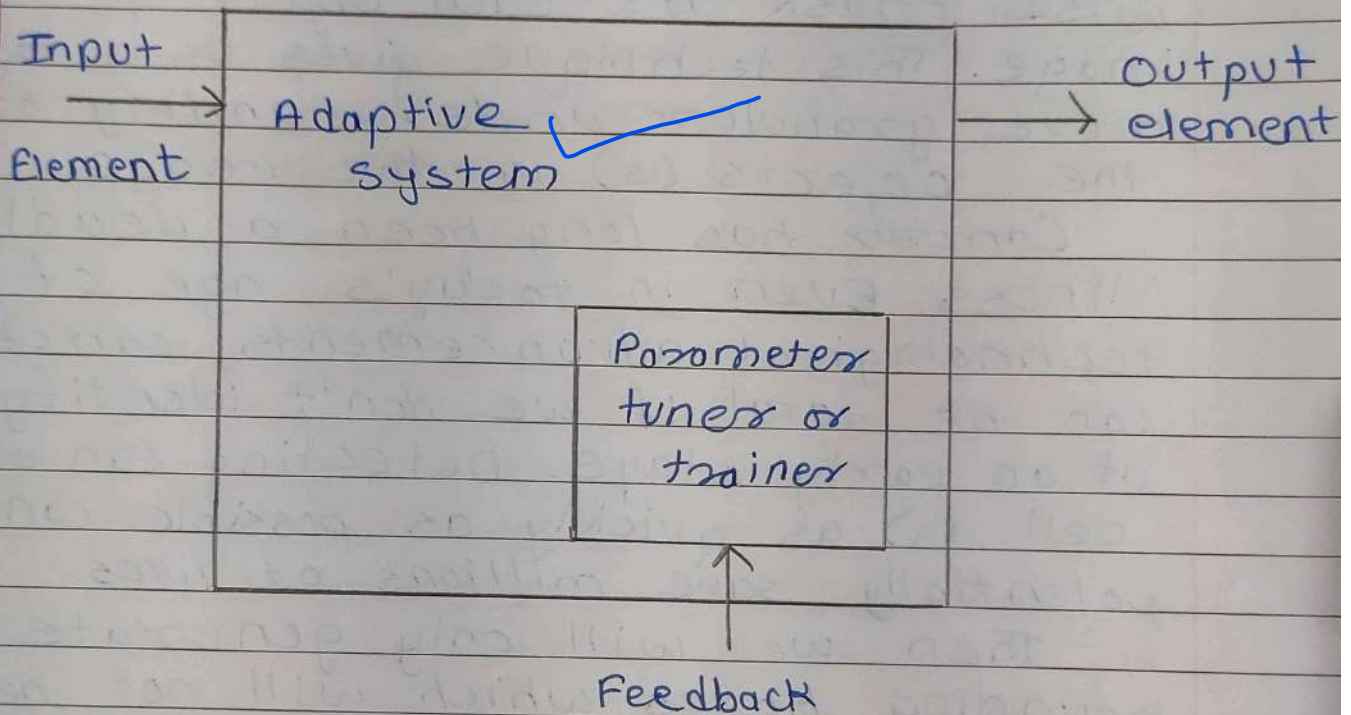

Call centre people calling up and offering a bank loan or credit card. This call is made only to few selected customer who they think will purchase their product.

Q-2 Justify the statement :- Raw data has a significant impact on features engineering process.

- Ans:-
1. Features engineering is the process of converting raw data into features that can be used in building a model that can address the underlying problem and result into better accuracy on unseen data.
 2. Feature ~~engineering~~ is an important part in building any intelligent system.
 3. There are a wide variety of methods used in building intelligent systems, like machine learning, deep learning and others, however each problem is domain specific.
 4. In every domain, features play a significant role in system performance. These features are computed from raw data related to the problem and the domain. This is the reason often a data scientist spends 70% of their time in data preparation before the model building process.
 5. The process of feature engineering is time consuming and needs both domain knowledge and Mathematical computations background.

Q-3 With reference to machine learning explain the concept of adaptive machine.

Ans:- Adaptive system has the ability to adapt its behavior to external signals like datasets or real time input to predict the future.

Adaptive system isn't based on static or permanent structure (model parameters and architectures) but rather on a continuous ability to adapt its behavior to external signal (datasets or real-time inputs) and, like a human being, to predict the future using uncertain and fragmentary pieces of information.

Q-4 Explain role of machine learning the following common un-supervised learning problems:

- a] Object segmentation
- b] similarity detection.

Ans:- a] Object segmentation:-

Object segmentation creates a pixel-wise mask for each object in the image. This technique gives us a far more granular understanding of the objects (s) in the image.

Cancer has long been a deadly illness. Even in today's age of technological advancements, cancer can be fatal if we don't identify it at an early stage. Detecting cancerous cell (s) as quickly as possible can potentially save millions of lives.

q] Then we will only generate bounding boxes which will not help us in identifying the shape of the cell.

b] similarity detection:-

Similarity detection is an area of supervised Machine learning in artificial intelligence. It is closely related to regression and classification, but the goal is to learn a similarity function that measures how similar or related two objects are.

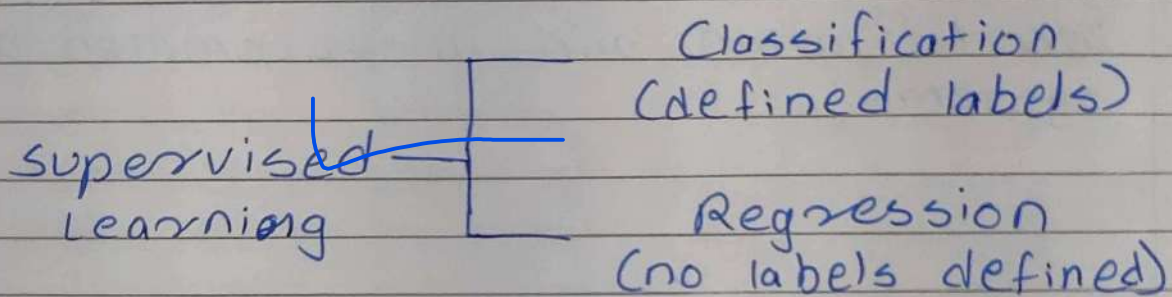

It has applications in ranking in recommendation systems, visual identity tracking, face verification, and speaker verification.

Similarity detection is used in information retrieval for learning to rank, in face verification or face identification, and in recommendations systems.

Q-5 Explain data formats for supervised learning problem with example.

Ans:- Supervised learning:-

Supervised learning is when the model is getting trained on a labelled dataset.

1] Classification:-

It is a supervised learning task where output is having defined labels (discrete value). It can be either binary or multi class Classification.

Example:- Gmail classifies mails in more than one classes like social, promotions, updates, forum.

2] Regression:-

It is a supervised learning task where output is having continuous value. The smaller the error the greater the accuracy of our regression model.

Example:- Linear Regression.

The goal here is to predict value as much closer to actual output values as our model can. Evaluation is done by calculating error value.

A
Mini Project Report
Data Base Management System
On
Project Management System

Submitted to
Department of Computer Engineering
PDEA's Collage of Engineering Manjari BK Pune 412307

Submitted By:
Adesh Giri
Ajesh Rathod
Mayur Tembhare

TE Comp

CERTIFICATE

This is to certify that the below mentioned third year engineering students have carried out the necessary data base management system mini project report on **“Project Management System”** in the department of Computer Engineering.

PDEA's College of Engineering, Manjari BK, Pune 412307. They have completed this mini project report under my guidance in satisfactory manner in December 2021 of third year engineering.

Computer Engineering students have successfully completed a data base management system mini project report on **“Project Management System”** towards The fulfillment of their Degree in Computer Engineering in academic year 2021-2022 .

The Performance of each of these students during the courses was very good.

Guide

Principal

Dr. R.V.Patil

ASSIGNMENT NO 8

Title:
Mini project.

Objective:
To create a digital clock by python programming

Theory:

In this section, I will show you how to create a digital clock using python. This is a simple task to get started with the Tkinter library in Python, which is a built-in package that comes with Python. Tkinter has some cool features that can be used to build simple apps.

Code:

```
from tkinter import Label, Tk
import time
app_window = Tk()
app_window.title("Digital Clock")
app_window.geometry("420x150")
app_window.resizable(1,1)

text_font= ("Boulder", 68, 'bold')
background = "#f2e750"
foreground= "#363529"
border_width = 25

label = Label(app_window, font=text_font, bg=background,
fg=foreground,
bd=border_width)
label.grid(row=0, column=1)

def digital_clock():
time_live = time.strftime("%H:%M:%S")
label.config(text=time_live)
label.after(200, digital_clock)

digital_clock()
app_window.mainloop()
```

Hello Prof.N.D.Sonawane,

Greetings from I-Medita.

We would like to first appreciate you for taking an initiative of an Industrial Visit to I-Medita Cisco Networking Labs. It was great having you here. The Industrial Visit was made successful only because of the active participation of students like you.

Although due to shortage of time, we were unable to discuss many things in detail so to cover up we are writing this email to you.

During the session, we promised to send you informatory articles, Free E-Books, Career Guidance and new Learning Opportunities in networking domain.

If you are ready for New Learning Opportunities, then here are our most favorites.

1. [Enroll in our FREE Beginner Online course on "How to Master Subnetting"](#)
2. Download our **amazing 300+ Networking Interview Questions Guide**
3. Are you planning to learn networking in depth? [Enroll for 40 Days Crash course on CCNA Routing and Switching.](#)
4. Looking for Job Oriented Programs? Check our [Multi-Track Programs designed for Freshers.](#)

And please remember this, No matter how many obstacles you face, you have the power to change your life and change the world. We sincerely hope our resources and training may help you do just that.

Once again, it was great meeting you. Still, have questions? Don't hesitate to ask. Reply to this email with your question and we will happy to assist you :-)

--

Regards

Customer Success Team

To,

The Principal,
PDEA'S College of Engineering, Manjari(BK),
Pune- 412307

Subject- Permission for visit at I-Medita (Pune) on 5th OCT 2018 under ISTE and to issue the amount for conducting IV.

Respected sir,

With respect to the above subject Computer Department going to organize visit for interested student from B.E .at I-Medita located at Baner ,Pune to make students aware with industry practices.

Visit is about what are the careers in networking, what is Cisco, role of network engineer in companies like Airtel, Vodafone, HCL, Accenture etc., Hands on activities on real CISCO devices.

As this field is related to Computer engineering, visit will be helpful for student in their academics. So kindly give permission to arrange visit at I-Medita.

We need staff for IV as per below date:

Date	Staff
5 th Oct 2018	Prof.S.P.Gade, Prof.N.D.Sonawane, Prof.B.S.Kankate, Prof.S.V.Shinde

Expenditure:

Travelling cost-5000/-approx.

Miscellaneous -500/-

Total Amount: 5500/-

Yours faithfully,

H.O.D.(Computer)

विषय: उच्च शक्ति प्रक्षेपक, सिंहगड पुणे की औद्योगिक यात्रा (Industrial Visit)

संदर्भ : आपका पत्र / ई - मेल दिनांक:09/01/2018

सर / मैडम,

उपरोक्त संदर्भ में, दिनांक 15/01/2018 को उच्च शक्ति प्रक्षेपक, सिंहगड पुणे में 15 छात्रों को आने की अनुमति दी जाती है।

प्रत्येक छात्र की यात्रा के लिए रु. 354.00 का शुल्क है (रु. 300 + 18% जीएसटी (GST) । यह शुल्क डिमांड ड्राफ्ट द्वारा "Prasar Bharati, Payable at Pune" के नाम से किसी भी राष्ट्रीय कृत बैंक से निकाला जाए। यह डिमांड ड्राफ्ट औद्योगिक यात्रा के दौरान उच्च शक्ति प्रक्षेपक कार्यालय में पेश करना अनिवार्य है।

उच्च शक्ति प्रक्षेपक का टेलीफोन नंबर 020-20209029 है। कृपया 11.30 बजे तक ट्रांसमीटर पहुंचें। केवल जीप और हल्के वाहनों की सिंहगड किल्ले के घाट अनुभाग में प्रवेश करने की अनुमति है। कृपया इस पत्र की एक प्रत ट्रांसमीटर में पेश करें। पीने के पानी तथा अन्य व्यवस्था कॉलेज / संस्थान को करनी पड़ेगी। कॉलेज का पूरा नाम, पूरा पता तथा जीएसटी (GST) नंबर उपलब्ध है तो दिया जाए।

Subject : Permission for arranging visit of first Year Engineering students.

Dear Sir,

With reference to above subject, I would like to inform you that our college namely Pune District Education Association's College of Engineering, Manjari (Bk), Pune is affiliated to Savitribai Phule Pune University, Pune.

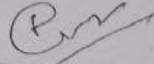

The College offers under graduate programme in engineering and post Graduation programme in Master of Business administration.

As a part of under graduate course curriculum, a visit to be arranged for the First Year Engineering students to the nearby industry and acquaint them with the activities/processes run in the related Industry.

Fortunately, your esteemed Institute is quite near to our college and the students will get good knowledge about Vasantdada Sugar Institute (VSI), various departments available and other allied activities. So it is requested to permit us to arrange the visit for two days i.e Friday 16th Aug 2019 & Thursday 22nd Aug 2019 in the afternoon session (after 2.00 p.m).

Thanking you in anticipation,

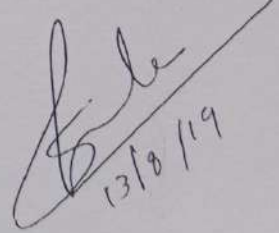

Yours faithfully,

To,
Director,
Vasantdada Sugar Institute,
Pune- 412307.

Subject : Permission for arranging visit of first Year Engineering students.

Dear Sir,

With reference to above subject, I would like to inform you that our college namely Pune District Education Association's College of Engineering, Manjari (Bk), Pune is affiliated to Savitribai Phule Pune University, Pune.

The College offers under graduate programme in engineering and post Graduation programme in Master of Business administration.

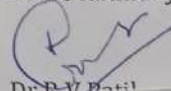

As a part of under graduate course curriculum, a visit to be arranged for the First Year Engineering students to the nearby industry and acquaint them with the activities/processes run in the related Industry.

Fortunately, your esteemed Institute is quite near to our college and the students will get good knowledge about Vasantdada Sugar Institute (VSI), various departments available and other allied activities. So it is requested to permit us to arrange the visit for two days i.e Monday 18th Apr 2022 & Tuesday 19th Apr 2022 in the afternoon session (after 2.00 p.m).

Thanking you in anticipation,

Yours faithfully,

विषय :- संस्थेचे आधारस्तंभ माननीय शरद चंद्रजी पवार साहेब यांच्या
वाढदिवसानिमित्त आयोजित यंत्र- उत्सव 2021 कार्यक्रमाच्या अहवालाबाबत.....

माननीय महोदय, बहुजन हिताय, बहुजन सुखाय।

उपरोक्त विषयास अनुसरून आपणास कळविण्यात येते की महाविद्यालयांमध्ये संस्थेचे आधारस्तंभ माननीय शरद चंद्रजी पवार साहेब यांच्या वाढदिवसानिमित्त महाविद्यालयातील रोबोटिक्स क्लब अंतर्गत यंत्र- उत्सव कार्यक्रमाचे आयोजन दिनांक 18/12/ 2021 रोजी सकाळी 10 ते 05 या वेळेत ऑनलाइन पद्धतीने करण्यात आले होते यामध्ये आपल्या संस्थेच्या विविध शाखांनी सहभाग घेतलेला असून त्यातील कार्यक्रमांमध्ये निवडलेल्या 88 प्रोजेक्ट संघांचे सादरीकरण तपासण्यात आले. आपण संस्था स्तरावर 5 विजेत्या संघांची निवड केलेली असून सदरील संघांची माहिती या पत्रासोबत त्याची प्रत जोडली आहे. यास आपली मान्यता व मार्गदर्शन मिळावे ही नम्र विनंती

कळावे.

About the Society

Pune District Education Association, our parent society was founded by the great visionary educationalist late Shri Baburaoji Gholap in 1941 with the motto "Bahujan Hitay Bahujan Sukhay" meaning welfare of masses and happening for all. Right since its inception, institute is bringing the wealth of knowledge at the door steps of rural masses of Pune District through its number of schools and professional Colleges.

STATE LEVEL PROJECT COMPETITION TANTRA 2020

Phone: (020) 26996275/ 26996625

And

Pune District Education Association's

INSTITUTE OF TECHNOLOGY

MANJARI ROAD, HADAPSAR, PUNE- 411028 (Maharashtra), India

About the Institute

"College of Engineering, Manjari Bk" was established by Pune District Education Association in the year 1998 with a vision to spread Engineering Knowledge in the rural area. The Institution is affiliated by Savitribai Phule Pune University and accredited by NAAC. Today the Institute is recognized as one of the center of academic excellence in the city. Over the years, there has been dynamic progress in all academic and research activities and a parallel improvement in faculties & infrastructure, to keep it on par with the best institutions in Maharashtra. The ideas & ideals on which institute is built evolve and change with national aspiration, national perspectives, and trends world-wide.

About Tantra 2020

Tantra is a technical event organized by PDEA's College of Engineering and PDEA's Institute of Technology (Polytechnic). The basic idea of organizing this event is to provide a platform to the students at State and National Level to explore their talent and share their project ideas in the field of Engineering and Technology.

Attractive Prizes for Winners and Certificates to All Participants

**Project Competition for
Diploma/Degree Students
in Engineering & Technology**

TANTRA 2020

(28th February, 2020)

Who can participate

All Students of Diploma/Degree from Mechanical / Automobile / Production, Computer, IT, E&TC / ETRX / Electrical, Instrumentation & control can participate.

General Guidelines

- Members should have a valid student ID card of their college/university.
- Any institute/college can send any number of entries.
- Project can be in form of **working model / software / simulation based / industry sponsored / experiment.**
- If exhibition of working model is not possible then it can be presented in form of poster or video.
- For any query email at:
Tantra2020projectbuzz@gmail.com

No Registration Fees

Free Entry to all participants.

Important Dates

Last date for Registration : 25th February 2020

Project Competition : 28th February 2020
